ALMA MATER

TO OUR NOBLE ALMA MATER'S NAME
WE, HER CHILDREN, SING A JOYFUL LAY
AND TO HER A NEW ALLEGIANCE PLEDGE,
THAT LIVES BEYOND A DAY.

(refrain)

A PRAYER FOR HER WHO SHELTERED US,
A HOPE NO CHILD HER NAME WILL STAIN,
A CHEER THRICE GIVEN WITH A HEARTY VOICE
AND NOW A SWEET REFRAIN.

(refrain)

OF LOYALTY ARE SYMBOLS TWAIN,
HER COLORS, CRIMSON AND THE GRAY,
"DEAR INDIANA MOTHER FAIR,"
THE BURDEN OF OUR LAY.

(refrain)

REFRAIN: Sing, O Sing, Our Alma Mater's praise,
Hail, O Hail; her colors' gleaming hue!
Give to her our homage and our love
And to her name be true.

**S. JOHN DAVIS, Commencement Speaker and
Honorary Degree Recipient**

Renowned educator and IUP alumnus Dr. S. John Davis will be recognized by his alma mater during commencement exercises on May 25 when he is presented with an honorary doctor of laws degree. Davis has repeatedly distinguished himself during the 30 years of service in the field of education that have followed his graduation from IUP in 1950.

Currently superintendent of public instruction for the state of Virginia, his career as an educator has ranged from the classroom to the administrator's office.

Prior to assuming his present position, he served for nearly 10 years as division superintendent of Fairfax County Public Schools, the largest school system in the state of Virginia and the 12th largest system in the United States.

Davis, who began his career in education as a junior high school science teacher, has taught courses at several Virginia universities. He has also held positions as principal, assistant principal and preparatory school director.

Dr. Charles Kofoid, dean of IUP's School of Education, said Davis' current position is "a tribute to his educational foresight and good administration."

"Dr. Davis," he continued, "has distinguished himself as a school administrator and was considered one of the outstanding educational administrators in the Washington, D.C. area. He was instrumental in bringing to Fairfax County the only completely underground, environmentally perfect school in this country."

Davis was awarded his B.S. in Education with emphasis on chemistry from IUP in 1950. He also received an M.A. in School Administration from George Washington University in 1955 and an Ed.D., in School Administration from American University in 1972.

At the conclusion of this program, please proceed to the departmental ceremony you wish to attend. (The location of each department ceremony, and a campus map, can be found at the back of this program.) Ceremonies will begin no later than 30 minutes following the conclusion of the Commencement exercises.

FRANK GORELL, Honorary Degree Recipient

Successful businessman, civic leader and former professional musician, Frank Gorell will be recognized by IUP during commencement exercises on May 25 when he is presented with an honorary Doctor of Letters Honoris Causa degree.

Gorell, founder and former president of Season-All Industries in Indiana, is a generous contributor of his time and money to many Indiana activities and has given many scholarships to deserving students and young musicians, both directly and through the Gorell Education Foundation.

As a civic leader, Gorell's service to Indiana has been extensive and varied. Among his most notable are his tenures as a board member for the Indiana County Hospital, the Indiana County Planning Authority, the Indiana County Industrial Development Authority, the Indiana County Housing Authority, and his valuable contributions to IUP as a member of the board of directors of the Foundation for IUP as well as beginning his second six-year term as an IUP Trustee.

Since his retirement from the presidency of Season-All, the largest national manufacturer of custom-made aluminum storm windows, doors and thermally improved replacement windows, Gorell has served as chairman of the board which allows him to devote more of his time to activities outside of his business.

Gorell in recent years has endeavored to enrich the musical climate of Indiana and IUP. His recent contribution towards the refurbishing of the original Chapel in John Sutton Hall for use as a recital hall is a landmark event for IUP and the Music Department.

Gorell's musical history goes back to his 1934 graduation from the Curtis Institute of Music in Philadelphia. From 1934 to 1938, he played horn with the official United States Navy Band in Washington, D.C., with the rank of Chief Petty Officer. He left the Navy Band to join the Pittsburgh Symphony under the direction of Fritz Reiner. His musical career includes performances under the direction of many renowned conductors such as Arturo Toscanini, Bruno Walther and Leopold Stokowski.

Through the years, Gorell has contributed much to the world of music and industry. Indiana, and IUP in particular, is grateful for his contributions to not only the area's economy but to the enrichment of its culture.

ACADEMIC COSTUME

American academic dress has its origins in the garments worn at medieval British universities, particularly Oxford. That university was founded in the Twelfth Century, with its early chancellors being representatives of the bishop. Because of the close connection between the University and the Church, students and faculty wore clerical garb. It is from these medieval cassock-like garments that American academic dress is derived.

The Oxford or "mortarboard" cap came into use during the 16th century but authorities differ on its origin. Some say that the cap is square like a scholar's books; others that it was derived from the master workman's mortarboard; still others suggest that it was patterned after the quadrangular shape of the Oxford campus. The distinguishing feature of the cap is the color of the tassel, which is black for the holders of the bachelor's and master's degrees and which may be gold for doctor's degrees and the governing officers of educational institutions.

Although caps and gowns had been used in many American schools since Colonial time, it was not until about 1855 that there was a widespread student movement for their use at commencement ceremonies. The faculties were quick to approve this practical and dignified graduation dress, and soon adopted for themselves the custom of wearing gowns at academic ceremonies. By 1895 the Intercollegiate Commission had prepared a code for academic costume which was approved by 95 percent of the American universities and colleges.

The Code provides for three types of gowns. Those worn by the bachelors are black and have long pointed sleeves. Masters may wear either black silk or woolen gowns, made with a long, closed sleeve with an arc appearing near the bottom and a slit for the arm. The doctor's gowns are usually of black silk with full, round, open sleeves. The color of the velvet trim may be black or the same color as the velvet which edges the hood. Although the color is normally black, several institutions have authorized doctoral gowns in their school colors.

In the United States, the hood is the most distinctive feature of academic attire. Used originally as a cowl, as a shoulder cape, and as a container in which to collect alms, it is now worn at the back, suspended near the shoulders. The length of the hood and the width of its velvet border indicate the level of the degree held. The bachelors wear a hood which is three feet long, with a two inch velvet border. The hood for the master's degree is three and one-half feet long, with a three-inch border. The doctor's hood is four feet long and the border is five inches wide. The inner lining of the hood is in the official color or colors of the institution conferring the degree, while the color of the border indicates the field of learning in which the degree was earned.

It may be noted that military uniforms and religious habits are appropriate apparel at academic convocations.

INDIANA UNIVERSITY OF PENNSYLVANIA

From the 1875 Indiana Normal School to today's multi-purpose University, IUP has enjoyed a history rich in tradition and accomplishment. In its first year, the Normal School enrolled 225 students. Today, the IUP student body includes more than 12,000 students who hail from every county in the Commonwealth, several other states, and more than 40 foreign countries.

Ownership and control of the institution passed to the Commonwealth in 1920. In 1927 the General Assembly approved a change in name and function of the school. As the State Teachers College at Indiana, it became a four-year college with the right to grant the Bachelor of Science degree in Education.

In 1957 the College was authorized to offer, for the first time, work leading to the Master of Education degree in elementary education. The program was later expanded to include 15 secondary areas as well. This program, which began with an enrollment of 74 in September, 1957, has awarded 5,005 master's degrees and currently enrolls 879 students.

In 1959 the name of the College was changed to Indiana State College and a liberal arts program was developed, graduating its first students in January 1964. Over 3,300 students now major in the areas of humanities, natural sciences, social sciences and mathematics.

In December 1965, Indiana State College was redesignated Indiana University of Pennsylvania with the right to grant degrees at the doctoral level and in several additional areas at the master's level.

Nine schools presently comprise the University - Business, Education, Fine Arts, Health Services, Home Economics, Natural Sciences and Mathematics, Social Sciences and Humanities, Graduate Studies, and Continuing and Non-resident Education. Eleven degrees are offered including one associate, four baccalaureates, four masters' and two at the doctoral level. Within the 37 departments of the University, students may study any one of 91 majors.

While instruction continues to be the University's primary focus, IUP has combined a sound liberal arts education with effective job preparation. The University's internship program, which provides students with on-the-job training prior to graduation, is one of the most extensive in the country.

IUP has also entered into joint programs with other institutions of higher learning to increase and complement the academic programs of IUP students. These joint programs include one in family medicine with Thomas Jefferson University; two in engineering with Drexel and Pittsburgh Universities; one in art with the Art Institute of Pittsburgh; one in optometry with Pennsylvania College of Optometry; one in podiatry with Philadelphia School of Podiatry; and one in forestry with Duke University.

Throughout its 105-year history, IUP has flourished as the largest of the 14 state-owned colleges and university. The University looks forward to the challenges of the 1980s with confidence in its tradition of excellence and with dedication to serving the needs of tomorrow's students.

CANDIDATES FOR DEGREES

Asterisks denote graduation with honor as follows:

***Summa Cum Laude 3.75 to 4.00 average

**Magna Cum Laude 3.50 to 3.74 average

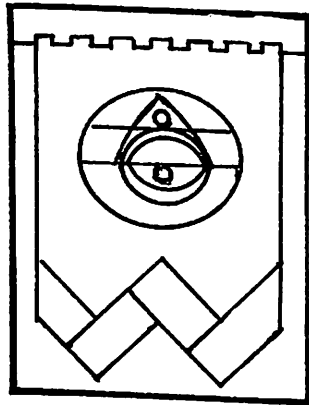

*Cum Laude 3.25 to 3.49 average

August and December graduation honors are final, and are based upon the cumulative grade point average after conclusion of the student's next-to-last semester.

May graduation honors are tentative, and are based upon the cumulative grade point average after conclusion of the student's next-to-last semester. Final honors for these graduates will be noted after final cumulative grade point averages have been calculated.

Averages are determined on the basis of the following: 4=A; 3=B; 2=C.

The appearance of a name on this program is not a valid indication of graduation. The diploma of the University and an official transcript, signed and sealed by the proper officers, provide authentic testimony to the conferring of a degree.
