Scope and Content Note

Information in this collection dates from 1913 to 2002, and a Keith Reunion was held in Keith Hall in 2014. Indiana native Jimmy Stewart ([Manuscript Group 200](#)) attended the Model School in Wilson Hall from [first grade in 1915-1916](#) to [ninth grade in 1923-1924](#). This collection contains yearbooks and other publications, grade books, memorabilia, information about reunions, and photographs related to the Model School that was held in Wilson Hall (Indiana State Normal School), and later the Keith Laboratory Training School in Keith Hall (Indiana State Teachers College), and it eventually became the University School in Davis Hall at Indiana University of Pennsylvania (IUP). The University School collection represents information about student teaching, curriculum, and students who attended primary and secondary school between 1913 and 2002. More information is available online in [IUP Publications](#).

Provenance

This collection was donated before and after the University School closed.

Restrictions
