GREETINGS

On behalf of the faculty and student body I extend to you a cordial welcome to the Indiana State Teachers College.

In selecting teaching as the profession for which you wish to prepare, you have chosen a career from which great dividends will accrue. While financial reward may not be great, you will find that satisfaction which comes from service will provide the real compensation in your chosen profession.

In choosing Indiana as the college for your professional training, you have selected one of the best teacher education institutions in the country. Here you will find a staff of able teachers who will be interested not only in your intellectual growth but in your physical, social and emotional welfare as well.

You have before you, I am sure, a profitable and enjoyable experience. May all of us here help to realize to the full this experience.

Cordially yours,

Willis E. Pratt
President

ALMA MATER

To our noble Alma Mater's name
We, her children, sing a joyful lay,
And to her a new allegiance pledge,
That lives beyond a day.

A prayer for her who sheltered us,
A hope no child her name will stain,
A cheer thrice giv'n with hearty voice,
And now the sweet refrain.

Of loyalty are symbols twain,
Her colors, crimson and the gray,
"Dear Indiana Mother Fair,"
The burden of our lay.

Refrain

Sing, O, sing! Our Alma Mater's praise,
Hail, O, hail! her color's gleaming hue!
Give to her our homage and our love
And to her name be true.

Mrs. Hamlin E. Cogswell

HISTORY

In the legislative session of 1871 a bill was introduced and passed by the General Assembly, in conformity to the Normal School Act of 1857, permitting the establishment of a State Normal School in the ninth Normal School District, and building was completed and first opened for students on May 17, 1875. This building, named John Sutton Hall in honor of the first president of the Board of Trustees, still in use, is in excellent condition. The steady growth of the school has caused a continuous expansion in its building program.

In April, 1920, the entire control and ownership of the school passed to the Commonwealth of Pennsylvania. In May, 1927, by authority of the General Assembly, the school became a college with the right to grant degrees; the name was changed to the State Teachers College at Indiana, Pennsylvania.

The College is an approved and fully accredited member of the Middle States Association of Colleges and Secondary Schools and of the American Association of Teachers Colleges, the two acknowledged accrediting agencies for institutions in this region.

The fact that this college is a member of these two organizations is of immediate personal importance to the individual student in two ways: first, the student may transfer college credits from one approved institution to another without loss in case

he finds it necessary to change colleges; and second, the student who is a graduate of an approved institution is eligible for a better teaching position in any of the secondary schools.

The College now offers the following four-year curricula which lead to the degree of Bachelor of Science in Education: Elementary, Secondary, Art, Business Education, Home Economics, and Music.

ALUMNI ASSOCIATION

Since its opening in 1875, Indiana State Teachers College has graduated thirteen thousand students from its various curricula. Approximately 3500 degrees have been granted since the Normal School became a college in 1927. The support of these alumni is an important factor in the consistent growth of the organization.

Alumni Associations are functioning in many parts of the country and are making valuable contributions to the college. Noteworthy among these is the Jane E. Leonard Memorial Loan Fund which lends money to worthy Juniors and Seniors.

One of the biggest projects ever attempted by the Association was the drive to raise money for a pipe organ in the auditorium. The drive was successfully completed in 1945, and it is expected that the organ will be ready for use within the next year.

Special projects of the Association include (1) redecorating and refurbishing East Parlor as a memorial for those who served in World War II, and (2) publishing the Alumni News Letter.

Indiana has an Alumni Office which was equipped by the General Alumni Association. The president for 1947 to 1949 is Mrs. Sara Bevan Johnson of the Indiana Unit.

Alumni are especially prominent on Indiana's campus on Homecoming and Alumni Days, both of which are sponsored jointly each year by the college and the Association.

VETERAN INFORMATION AND REGULATIONS

(Veterans Counselor: L. H. Schnell)

I

General

The office of the Veterans Counselor is **not** a Veterans Administration office. It is established by the College to prepare the necessary papers which enter a veteran into training. When enrollment forms are submitted to Veterans Administration, the veteran is placed on the subsistence payroll and the college is entitled to receive payment for fees, textbooks, and special supplies. In addition to entrance forms, many records are maintained to serve as a basis for required reports to Veterans Administration. Whenever a report from a veteran is needed, it is imperative that he submit it promptly so that his status with Veterans Administration will not be changed.

In addition to the formal paper-work and reports to Veterans Administration, the Veterans Counselor extends many courtesy services to veterans enrolled at Indiana. In the event a veteran has any problem involving his status under the "G.I." bill, he should see the Veterans Counselor for suggestions or assistance.

Except with respect to benefits, a veteran stu-

dent has the same status as a non-veteran and comes under the same jurisdiction of the Dean of Men or Dean of Women. Likewise, the Dean of Instruction, not the Veterans Counselor decides upon accreditation, and other academic matters. However, when certain matters relate to a veteran's status under the "G.I." bill, they are reported by the Dean to the Veterans Counselor.

A veteran cannot transfer to another institution under the "G.I." bill nor can he change his curriculum in this institution until specific procedures have been followed.

(See regulations in Section IV and Section V. Failure to comply strictly will automatically result in the veteran being removed from the VA subsistence payroll, and also will mean that he must personally pay for all of his fees, textbooks and supplies.)

Daily absence records are kept by the faculty and submitted to Veterans Counselor. A VA Training Officer checks these records each month and secures a special report in all cases of excessive absences. Excessive absences lead to reduction in subsistence pay. It is each veteran's personal responsibility to report for the training the Government is paying him to secure. Failure to attend a scheduled activity, regardless of the reason, is reported as an absence. Veterans who are absent on official or recognized college business such as varsity athletic trips, attendance at bonafide conferences, are reported as absent but the faculty sponsor submits a list of veterans involved. If approved

by the Dean of Instruction, veterans are not charged for these absences.

The Veterans Counselor is required by VA regulations to report immediately any veteran whose conduct or academic progress is unsatisfactory or borderline. Such a report does not automatically deny the veteran further training but an investigation of each case is made by a VA official to determine whether or not the veteran should be continued in training at Government expense.

Dismissal from college for any cause automatically terminates a veteran's entitlement to training under the "G.I." bill. Re-instatement may occur after the veteran has secured VA advisement.

It is illegal to receive unemployment compensation while receiving pay from Veterans Administration. This includes the 15-day gratis pay given at the close of a semester. (See Section VI.)

Some institutions require veterans to pay all their fees, subject to refund after VA pays the institution. Veterans attending Indiana under the "G.I. Bill" are credited with deferred payment of contingent, tuition, and activity fees, as well as for books and supplies. The college can recover the full amount advanced only if trainees cooperate fully in keeping all records accurate. **Amounts rejected for payment by VA are automatically chargeable to the veteran.** It is therefore essential that each veteran report certain information to the Veterans Counselor promptly.

Occasional notices of urgent importance to veterans are posted on the veterans' bulletin boards which will be found in several buildings on the campus. **Locate these boards** and consult them daily. It is each veteran's responsibility to comply with posted notices.

II

Report to Veterans Counselor Promptly:

- A. **ANY change of college program authorized by the Dean of Instruction at ANY time after enrollment.** VA pays tuition only on the basis of the authorized college program. Therefore an accurate program must be on file with the Veterans Counselor.
- B. Receipt of first subsistence check each semester. Secure a form for keeping a record of all VA checks. Keep this record up-to-date at all times and bring it when you call to report any irregularity in pay.
- C. Necessary absences of more than three (3) days. Report beforehand, if possible. (Except when on authorized college trip.)
- D. Absences due to illness which exceed three (3) days. Telephone or send a card to the Veterans Counselor. Unexplained absences will lead to immediate interruption of training and removal from the VA payroll.

- E. Return from an absence of more than three (3) days.
- F. Marriage. (Certain documents must be filed before VA will increase subsistence payments. If planning marriage, request information about documents needed to file claim. If you are married and did not file a photostatic copy of your marriage license with VA when you applied for entitlement, bring a copy to the Veterans Counselor promptly.)
- G. Approval, increase, or decrease in pension.
- H. Request to appear at the Veterans' Administration for physical examination or Advisement.
- I. Illness, injury or accident if you are a P.L. 16.
- J. Change of home or local address. (Checks are always sent to the last address on record with VA.)
- K. Information that you are to be approved for transfer to P.L. 16.
- L. Plans to transfer to another curriculum or to another institution.

III

Textbooks and Supplies

- A. Textbooks are furnished only for classes on

your schedule and only those textbooks which are required of all other students taking the same class.

- B. Textbook authorizations are issued as soon after enrollment as possible and will be turned over to the Manager of the Bookstore. Only books listed by the faculty before the beginning of a semester will be authorized at the time of registration. Authorizations for textbooks, when requests are filed after a semester begins, will be issued as soon as possible but there may be considerable delay. Do not call at the Veterans Counselor's office requesting special attention. Late authorizations will be delivered to the Bookstore Manager when they are ready.
- C. Read the small print on the authorization card when drawing books and supplies, before signing, to see what you certify to be true and what you agree to do.
- D. **Textbooks and special non-expendable supplies must be returned when a course is dropped.**
- E. Veterans are responsible for checking their schedules against authorization cards issued. If, through error, a wrong authorization card is issued, the veteran becomes financially responsible if he accepts textbooks for courses not on his current schedule or if he accepts a textbook issued to him in a previous course.
- F. Texts and supplies are issued for a veteran's personal use only.

G. **Consumable** supplies will be issued in accordance with a maximum cost schedule. Instructions regarding these supplies will be issued by the Manager of the Bookstore.

H. Consumable supplies will not be issued in the last two weeks preceding final examinations in excess of 20% of the maximum permitted for the semester.

I. Certain classes require **special** supplies which are not issued as consumable supplies. The instructor in a class needing special supplies will report members of his class to the Bookstore and request the issuance of authorized special supplies. These cannot be issued prior to his request and only those supplies will be issued that are listed in the approved supply catalogue. Non-expendable items, such as mechanical drawing sets, will be issued only once. Lost or broken items will not be replaced at VA expense.

J. VA regulations will not permit the issuance of certain equipment. Only approved items appear in the supply catalogue filed with the Manager of the Bookstore.

K. Veterans cannot draw items of greater quality or quantity than **REQUIRED OF ALL STUDENTS** pursuing a given course. Please note that the maximum cost schedule for consumable supplies does not mean that a veteran is **required** to draw supplies up to that amount. In only a few cases will the maximum be required

legitimately. In some institutions, consumable supplies are not issued to veterans. It is important that veterans at Indiana not abuse the opportunity to draw consumable supplies on their own order. Abuse of this privilege can very easily lead to a reduction in the amount permitted or the complete elimination of consumable supply issue. Draw only supplies actually needed and required for the courses you are taking.

L. Purchases of supplies made at retail stores and on the veteran's initiative cannot be billed directly to VA or through the Bookstore Manager. Prior approval must be secured for special cases.

M. Authorized texts or supplies which are not available when needed cannot be drawn after completion of a course.

N. Supplies and equipment used in extra-curricular activities cannot be charged to VA.

O. Gymnasium shoes, lab aprons, and clothing are not chargeable to VA.

P. Laboratory breakage fees must be paid for by the veteran. The item will be charged to VA and whatever amount is paid by VA to the college will be refunded to the trainee. See Mr. Price in the Business Office concerning this detail.

Q. Key deposits, and charges for lost keys or other equipment, cannot be charged to VA.

- R. Caps and gowns (as well as diploma fees) are available at VA expense.
- S. When a veteran interrupts training during a semester or is not permitted to re-enroll for academic or disciplinary reasons, he is required to return textbooks and non-expendable supplies issued. The college is required to report to VA those items not returned or refused because of unsaleable condition. **DO NOT** return material by express or parcel post without first consulting the Manager of the Bookstore.
- T. The veteran is financially responsible for all items disallowed by VA.

IV

Procedure for Changing Curriculum

- A. Get written approval from the Dean of Instruction.
- B. Bring this written approval to the Veterans Counselor. **DO NOT ENROLL IN A NEW CURRICULUM UNTIL PERSONALLY INFORMED BY THE VETERANS COUNSELOR THAT ALL VA RECORDS ARE IN ORDER.** Failure to complete the change with the Veterans Counselor will result in serious financial complications.

- C. Make request for change of curriculum early. Last minute changes on registration day cannot be made. Clear on all details before close of preceding semester.

V

Securing Supplemental Entitlement

- A. Supplemental Certificate of Entitlement must be secured to
 - 1. Enter another institution;
 - 2. Continue at Indiana after completing required work for graduation.
- B. See the Veterans Counselor to secure the necessary forms for requesting a supplemental certificate. Start proceedings at least six (6) weeks before the supplemental certificate is to be used.

VI

Interruption of Training Eligibility

Subsistence

- A. Entitlement is reduced by one day for each day a veteran receives subsistence or gratis pay.
- B. Interruptions are reported as of the last day classes were attended.
- C. An interruption report automatically removes a veteran from the VA subsistence payroll. Pension allotments are not affected.

D. Subsistence pay begins on the date a trainee starts classes. Obviously this excludes Registration Day.

E. A minimum of twelve semester hours must be carried during regular semesters (five during six-week summer sessions) to receive full subsistence pay. Classes which terminate before the end of a semester, or classes which are dropped, must be reported and the credit load reduced for the balance of the semester. If the new balance is below the minimums stated above, subsistence pay will be reduced.

F. INTERRUPTION IS AUTOMATIC AT THE END OF FIVE CONSECUTIVE DAYS OF ABSENCE UNLESS THE VETERAN HAS CONTACTED THE VETERANS COUNSELOR TO INFORM HIM WHY HE IS ABSENT AND THE DATE HE EXPECTS TO RETURN TO TRAINING. IN SOME CASES, INTERRUPTION CAN BE DELAYED BEYOND FIVE DAYS. IT IS ALSO THE VETERAN'S RESPONSIBILITY TO REPORT IN PERSON TO THE VETERANS COUNSELOR UPON HIS RETURN. FAILURE IN ANY OF THE ABOVE DETAILS WILL LEAD TO INTERRUPTION, REMOVAL FROM THE VA PAYROLL, AND LOSS OF PAY FROM DATE OF INTER-

RUPTION TO PERSONAL REPORTING IN OF THE VETERAN UPON HIS RETURN.

G. Veterans may have income from outside employment without loss of subsistence as follows:

Single	\$135
One Dependent	\$165
More than One Dependent	\$170

H. Subsistence pay for 15 days is automatically awarded at the end of semesters unless the veteran requests that it not be awarded. Such request must be filed with the Veterans Counselor at least 40 days before interruption. Fifteen days entitlement is deducted if this extended pay is taken. The above policy permits a veteran to remain on the VA payroll without interruption when the period between semesters does not exceed 15 days. When the period between semesters is less than 15 days, VA will award pay only for those days while the veteran is on vacation, provided he continues his training the following semester.

I. Present VA regulations state that when an entitlement expires BEFORE the mid-point of a term or semester the veteran is immediately removed from the payroll, can draw no further books or supplies at VA expense, and will pay fees (tuition and special) for the balance of the semester. For example, if an entitlement lasts for one-third of a semester, VA will pay for one-third and the veteran for two-thirds of the fees.

- J. When an entitlement expires AFTER the midpoint of a term, the veteran remains on the payroll until the end of that term and VA pays for all fees and supplies for the entire term or semester.
- K. The foregoing regulations stated in (I) and (J) are subject to change without notice. The statements given are based on latest information from Veterans Administration.
- L. The first subsistence pay check cannot be expected until at least six weeks after the beginning of a semester, and only then if the veteran has submitted all required forms. After the veteran receives his first pay check, subsequent checks are due within the first 10 days of each month. Report promptly failure to receive pay check by the tenth (10th) of each month. Also report any inaccuracy in the amount of subsistence. (P.L. 346 trainees receive \$2.50 if single, \$3.50 with one dependent, \$4.00 with more than one dependent, for each day of training in a 30-day month.)
- M. Bills are submitted by the College to Veterans Administration for the fees of a veteran who interrupts DURING a semester or session on the basis of a schedule published by VA. A new VA regulation states that when fees become payable in excess of the exact prorata amount, the veteran shall repay in cash or equivalent entitlement for the excess charges. Furthermore when interruption occurs at such time that full fees for a ses-

sion become payable, the veteran shall repay VA in cash for that portion of the semester he was not in training. In lieu of cash, VA will deduct entitlement for the entire session.

- N. Subsistence will AUTOMATICALLY be paid to the end of the month in which interruption occurs (and entitlement correspondingly reduced) whenever a veteran interrupts his training DURING a college session. The veteran has no option in the above regardless of the effect reduction in entitlement will have on his entitlement expiration date. (See Items I and J in this section.)

- O. In certain very special cases arrangements may be made so that veterans interrupting during a semester will not be subject to excess charges (in cash or against entitlement). See the Veterans Counselor personally before interrupting training.

VII

Seniors

- A. Graduating seniors must pay the full deposit fee for caps and gowns at the Bookstore but will have the full amount of deposit rebated when the academic gear is checked in. This fee, as well as the diploma fee, will be paid by VA.

- B. Commencement invitations and announcements are not chargeable to VA.
- C. A veteran cannot re-enroll for post-graduate work at Indiana after graduation without a Supplemental Certificate of Eligibility, nor after completing a refresher course or authorized post-graduate work. Graduation means completion of required work and not date degree is awarded.
- D. The ending date of a semester is reported to VA as the last day of final examinations or as Commencement day for graduating seniors. Computation of subsistence is based on one of the above dates. In any case where a student-teaching senior is required to teach beyond either of the above dates, it is his responsibility to report such fact in writing to the Veterans Counselor at least thirty (30) days prior to the end of the semester. The veteran's letter must have the written approval of his Training Supervisor and the Director of Student Teaching. The veteran must also report, in writing, when he must begin student teaching prior to the official beginning date of a semester.

VIII

Trainees under Public Law 16

- A. P.L. 16 trainees must not interrupt training without securing VA approval. Failure to secure this approval will lead to cancellation of train-

ing authorization. See the Veterans Counselor for specific information.

- B. P.L. 16 trainees must report to the VA Training Officer at least once each month. The schedule of appointments is posted on the veterans' Bulletin boards and no personal notification sent. It is the veteran's responsibility to watch the bulletin boards for these announcements and to report as scheduled.

IX

Late Enrollment

- A. Late registration fees will be collected for each regular semester and summer session for each late enrollee. Veterans' Administration will not pay this fee.
- B. In no case will a late enrollee be reported as beginning training prior to the actual time he **BEGINS CLASSES.**

The foregoing regulations are subject to change by Veterans Administration or Congressional enactment.

GENERAL INFORMATION

The **Laboratory School**, located on the campus, is housed in a modern building which includes a primary, elementary, and a junior high school department. In all departments teaching facilities are provided for Art, Music, and Home-Making under special supervisors of those subjects, also in the junior high provisions are made for Business Education, Latin, French, and Spanish. The school has a fine gymnasium, an excellent library, and a well-equipped shop.

In the junior high school, college students have the opportunity to engage in a well-rounded social program planned and operated in a democratic way by pupils, supervisors, and teachers.

Testing Program for Freshmen and Other New Students—All new students except those transferring two years' credit are required to take a series of tests during the first few weeks of school. The program includes a psychological examination; tests in English, reading, social studies, natural science, and mathematics; and personality and interest inventories. These tests are for measuring a student's background in these fields, and for classification and guidance. The results of the tests are made known to the students through their advisers.

Freshman Week—The first three days of the first semester have been set aside as "Freshman

Week." During these days new students will complete their registration, secure their programs, and take health examinations and standard tests. Other activities will include a get-acquainted party, a convocation, and movies. Orientation helps will include social conferences, counseling, library service, and reports of health examinations.

Freshmen Customs, observed during the first month of school, are sponsored by the Student Council working through the Sophomore Class. Faculty advisers are Dr. Dorcas Hall and Mr. W. M. Whitmyre. At a Freshman Class meeting, soon after the beginning of the semester, the program of customs is discussed.

Transfer of Credits — Credit will be given students transferring from other accredited colleges in so far as these credits will fit into the curriculum chosen by the student in this college. No credit can be approved for any course in which the grade received was the lowest passing grade in the school in which the work was taken.

Advisory System — Each student has frequent contact with a faculty adviser, who assists him with his program and advises him in curricular, scholastic, and personal problems. One hour each week is definitely set aside for group advisory meetings and conferences. Each upper-class student has an adviser from the field of his major interest.

Grading System for the Student

Explanation of Grades:

- "A" indicates an excellent grade of work.
- "B" indicates a good grade of work.
- "C" indicates a fairly satisfactory grade of work.
- "D" indicates a low grade of passing work.
- "F" indicates a failure and no credit shall be given for the course so marked until it has been repeated in the regular way.
- "I" is given to students who, because of absence or other entirely satisfactory reason, have been unable to complete the required work, but who have been doing in general a satisfactory type of work. This mark must be removed within one month of regular school time or become a failure. Upon completing the required work the student may receive any mark to which the teacher feels he is entitled.
- "W" indicates that a student has withdrawn from a course.

Quality Points

A system of Quality Points has been established as follows:

- (1) There are required for graduation a number of quality points equal to the number of semester hours of credit required in the course being pursued.

(2) An "A" mark gives three (3) quality points for each semester of credit so marked; a "B" mark gives two (2) quality points for each semester hour of credit so marked; a "C" mark gives one (1) quality point for each semester hour of credit so marked; and "D" mark gives 0 quality points.

Purpose of Quality Points:

In general, a "C" average, that is, one quality point for each semester hour of credit is the minimum requirement for eligibility for

- A. An office in a student organization.
- B. Participation in activities representing the college in public.
- C. Membership in sorority or fraternity.
- D. Junior standing.
- E. Student teaching.

Absence and Tardiness — In case of absence or tardiness the student will fill out a blank (see page 173) and present it to the teacher for admission to the class.

The teacher will pass judgment on the merits of the excuse and handle the matter accordingly.

The blanks will be available at places where needed.

DR. RALPH E. HEIGES
Dean of Instruction

This plan puts the responsibility first upon the student, second upon the teacher, and third upon the Dean of Instruction, who may in turn furnish the advisor and the Dean of Men or the Dean of Women with whatever information is necessary for a follow-up.

Whenever a teacher feels that any student has been absent or tardy to an extent that might endanger scholastic standing, such teacher will report the fact promptly to the office of the Dean of Instruction.

Junior Standing—Formal admission to Junior standing is a requisite for continuing the program in teacher education. This marks the time when the professional work is intensified. Fourth semester students will make application for admission to Junior Standing for which they are required to meet the following qualifications:

1. The scholastic record must be "C" average or better for the first two years' work.
2. A "C" average must be attained in English courses or a satisfactory score made on the Sophomore English Test.
3. Adequate background as measured by the Sophomore Tests (December or March) in English, General Culture, and Contemporary Affairs must be shown. Students who rank low in two of the three tests or who have an average percentile rank below 31 will be required to take an additional three-hour course and to repeat the Sophomore Tests.

4. A personality that is satisfactory for a teacher must be in evidence. Reports of six or seven members of the faculty form the basis for evaluating this factor.

5. Evidence of physical stamina and freedom from physical defects that may interfere with the duties of a teacher must be presented.

6. The voice must be pleasing and free from objectionable qualities.

7. A well-balanced record of extra-curricular activities must have been developed.

8. The student shall meet the specific requirements of his curriculum as prescribed for the first two years.

Students who fail to meet the above requirements will be given one semester plus summer sessions to make them up. Students who fail to clear their deficiencies at the time of their second application will be denied further professional training leading to certification until the deficiency is made up.

Credentials will be examined by the committee on Professional Standards and decisions will be reached on the basis of all evidence available.

Eligibility for Student Teaching—No student will be permitted to do student teaching unless he holds a certificate of Junior Standing with a "C" average.

Student teaching in the summer session is restricted to those who have had previous student teaching in this school or several years of actual teaching experience. Application to do student teaching during the summer session should be made before May 1.

Placement Service — The services of the Placement Bureau are available to all students who are certified to teach. The directors of the various departments take an active interest in the placement of their graduates. Co-ordination of effort is secured through a central committee. Although teaching positions are not guaranteed by the college, Indiana's record of placement is one of the very best in Pennsylvania.

The Placement Bureau, with offices in the Laboratory School, is under the supervision of Mr. John E. Davis.

The Bookstore carries all the textbooks used in the various classes. The management of the Bookstore on a cooperative student basis, is directed through the Student Cooperative Association. Classroom accessories are available at nominal prices. Gym clothing, regulation tank suits, and college jewelry also may be obtained. The Bookstore is open from 8:00 a.m. to 5:00 p.m. daily except Saturday, at which time it closes at noon.

The College Post Office is located on the ground floor of John Sutton Hall in the rear of the Bookstore. This is the branch of the City Post Office and is open each week-day. Students can mail and receive packages through the College Post Office.

The Student Bank — A department of the Cooperative Association known as the Student Bank is operated in the office of the College Bookstore. Students receiving money from home and not wishing to take the risk of carrying sums of money on their persons or leaving it in their rooms may deposit it in the bank, withdrawing it as needed by the issuance of a check.

To help defray the expense of insurance, etc., a nominal charge is made for this service. Students are urged by the faculty and administration of the college to use this service as a precaution against loss.

The Students' Central Treasury serves the purpose of a bank for student organizations, making available on the College campus all services, necessary business papers, and standardized procedures for the administration of extra-curricular finances. The office is under the supervision of John Lingenfelter, Cooperative Treasurer, who is directly responsible to the President.

Services of the Students' Central Treasury in-

clude installation of accounting records, uniform continuation between business officers and their successors, systematic methods for handling money, and general assistance to organization officials in keeping their financial activities on a sound business basis.

Organization treasurers are required to write receipts in duplicate for all dues, fees, assessments, etc., which they collect or receive. They give the original copy of the receipt to the person from whom the money is received and retain the duplicate copy.

All disbursements are paid by check, typed in duplicate by the Central Treasurer or his assistants, upon submission of treasury orders by organization treasurers. The Central Treasurer retains the carbon copy of the check, countersigns the original and returns it to the organization's treasurer who then obtains the sponsor's signature.

From handling the vouchers, evidencing receipts and disbursements, organization treasurers gain valuable experience in cash routines as well as in keeping a simplified cash book.

Lost and Found—Students should report immediately to the custodian of the building the loss of property. Articles found should be handed to the Dean of Men or to the Dean of Women or turned in at the switchboard.

The Telephone Office is located on the first floor of John Sutton Hall. Addresses of the faculty members as well as the names and room numbers of the students may be obtained there. The College Lodge plays an important part in the instructional and recreational life of Indiana. Owned by students and faculty, this 100 acres of wooded hillside, with its rustic lodge and three shelter houses, not only offers opportunity for classes to study nature and conservation, but is in demand for picnics, meetings, and winter sports.

Organizations are invited to use these facilities.

All arrangements for the use of the Lodge must be made through the office of the Dean of Women.

Groups Eligible to Use Lodge:

1. Any student group (social, educational, etc.) with a faculty advisor.
2. Alumni — any organized unit or group.
3. Faculty — as an organized group, as a group with faculty predominating, and as a family group.
4. Students with their families may be permitted to use outside shelters on occasion, if arrangements have been made and permit granted.

Conditions for Use of Lodge:

1. Permit card must be presented to the caretaker whenever shelters or lodge buildings are used.
2. Reservations to be made in advance with the office of Dean of Women that the caretaker may be notified of any necessary preparation.
3. Permit card to be obtained in the office of the Dean of Women.
4. Caretaker is held responsible for enforcing regulations for use of lodge property, and those using the property are responsible to him for its use.
5. Anyone on the property at any time must be ready to identify himself at the request of the caretaker ("I" card).
6. In order to discourage outsiders, a chain will be placed across the road during the night unless there is a reservation for the evening.

Board of Directors:

President of the College
Dean of Women
Director of the Laboratory School
President of the Senior Class
President of the Junior Class

College Convocations are held weekly in the Auditorium on Tuesday at 10:00 a.m. At this time the College presents the best available speakers, artists and musicians. Students are required to attend these assemblies. If they absent themselves excessively, they may be required to earn additional

vided for a study of their reading abilities, aptitudes for graduation. The Daily Bulletin and the **Indiana Penn** carry announcements about all convocations.

Radio Broadcasting continues as an established activity of the college. The programs originate at Station WDAW.

These broadcasts provide entertainment for families and schools in the listening area covered by the local station, and furnish practical laboratory experience for the students taking part. The broadcasts usually are the results of the courses in radio, which embrace microphone techniques, radio acting, and all phases of production.

The Speech Clinic, located on the ground floor of Leonard Hall, is designed to help students improve their speech. Those who fail to pass any part of the oral performance tests of the entrance speech examination are given probationary rating; therapy is instituted by the clinician to help such students overcome their difficulties.

In addition, the clinic is open to any student who desires speech improvement. Clinic hours are posted at the beginning of each semester and all students are welcome to avail themselves of this service. All conferences are in groups.

The Psycho-Educational Bureau is located on the ground floor of Wilson Hall. Students are invited to avail themselves of the opportunities provided, and personality-adjustment patterns. Oppor-

tunity is given for any student to come to the Bureau on his own initiative and to make appointment for conferences. It is the desire of the staff of the Psycho-Educational Bureau that its facilities be used by all individuals who wish to improve themselves in the preparation as teachers and as personalities.

Student Employment is handled through the Bursar in the Business Office of the college. Deserving students may secure part-time work, which enables them to earn money to help defray college expenses. The college employs student help for work in the Bookroom, Dining Room, Library, Telephone Office, and Laboratories. The number of jobs available is limited, and application must be made to the Bursar of the college as early as possible. Only in rare instances should students expect to work during their first semester at Indiana. Juniors and Seniors are urged to make use of the various loan funds.

A few students are permitted to work in private homes for their room and board. Arrangements for such adjustments should be made with the Dean of Women prior to registration.

Fire Drill Regulations—A fire drill is observed one day each month by all college personnel. This is required by state regulations. Fire drill directions are posted in each hall of the college buildings. Students are expected to act promptly according to directions. Students should become acquainted with the proper exit from any location in the buildings

on the campus.

A student should be appointed in each class to open and wedge the door when the alarm rings.

Teachers should be the last out of the room and should be sure that all windows and doors are closed upon leaving. Lights should be left on.

Students should leave the building as rapidly as possible and keep moving until they are at least 50 feet from the exit.

Teachers are urged to leave the building and to assist by keeping all exits cleared and by asking students to keep moving until they are 50 feet from the building.

Teachers in rooms where there are fire escapes are responsible for having doors leading to the fire escapes open and blocked open immediately when the alarm sounds. The teachers in charge of the Chemistry Laboratory are responsible for the doors to the fire escapes adjacent to the Laboratory.

It is an important duty of the Fire Chief in each building to see that all external fire escapes and other exits are not made impassable by snow, ice, debris, etc., and are in good working order.

Bus Service — Indiana is well served by several bus lines. Connections may be made in Indiana for points east, west, north, and south. There are several lines operating in and out of Indiana.

Blue Ridge Lines (Hess Restaurant Terminal) makes connections with Greyhound Lines at Blaineville.

Edwards Lakes-to-Sea Stages (Hess Restaurant Terminal) — service to and from Johnstown, Butler, and New Castle.

Route 80 Shortway — Barnesboro and Cherry Tree (north); and Pittsburgh (south).

Orr Transportation Company — Indiana and vicinity.

Information concerning schedules and tickets may be secured at the College Bookstore. Passengers are received and discharged at the north gate of the campus or at Deed's.

SORORITIES

Things You Should Know About Sororities

(Written for the Handbook by the
Panhellenic Committee)

I. What is a sorority?

Sorority comes from the Latin word meaning "sister." A sorority is a social organization with both local and national affiliations. All sororities in teachers colleges belong to the A.E.S. (Association of Education Sororities): there are six such organizations, all of which have chapters on Indiana's campus. Recently all A.E.S. sororities were affiliated with N.P.C. (National Panhellenic Conference or sororities in Arts Colleges.) All chapters in Class "A" Teachers Colleges were approved.

II. Who may belong to a sorority?

A. Membership is by invitation. Any woman in regular attendance at Indiana State Teachers College is eligible.

1. Upper-class women may be considered at any time.
2. Transfers may be considered at any time after one semester.
3. Freshmen may be considered at the time of preferential bidding (usually in March) or at any time thereafter.

B. There are two requirements for membership: scholastic and social.

1. Freshmen to be eligible must have completed one semester of work with a "C" average and no failures. Any student not a freshman must have an average of sixteen hours per semester with a "C" average and no failures. Students having completed twelve weeks of summer school and the first nine weeks of the fall semester with a "C" average and no failures may be pledged the first semester and initiated after semester grades are recorded. Women who fail in music or physical education because of disability may be bid with the consent of the Dean of Instruction.

2. To be eligible for membership, a

a woman must be socially approved by the Dean of Women.

3. A woman who has broken or been released from her pledge to one of the A.E.S. sororities may not be invited to join another for one calendar year from the date of her release.

III. What is rushing?

- A. Methods approved: free association between sorority and non-sorority women such as eating together in the dining room, double dating, shopping, attending movies or school functions together, or other such normal relationships.
- B. Methods not approved: Paying for meals or treats, giving any gifts, borrowing or lending money, the entertaining of potential pledges by sorority women in their homes or rooms or vice versa.

IV. What do sororities do for freshmen?

- A. The Panhellenic Tea or Coffee Hour is sponsored early each school year by the Panhellenic Association. To this all new students are invited as guests.
- B. An informal Rush Party is held by each sorority, usually during the first semester. Rushees may attend as many such parties

as they receive invitations.

- C. A formal Rush Party is held by each sorority during the early part of the second semester. No freshman or transfer student may attend more than two such parties. Adjustments are made by the Registrar for the student who receives more than two invitations.

V. What do sororities cost?

- A. Cost includes a pledge fee, initiation fee, yearly dues, and a pin.

Theta Sigma Upsilon	6.00	10.00	6.00	21.00

VI. For your information:

- A. Panhellenic means "all Greek" and is applied to the organization composed of representatives of each sorority.
- B. Rushing (slang) merely means getting acquainted.

1. Sorority girls are always looking for new members.

2. New girls on the campus want to know the different groups.

C. Rushee is any freshman or transfer with whom sorority girls wish to become acquainted with a view to possible membership.

D. Greek letters: merely the Greek alphabet.

E. Bidding (preferential bidding) is a system by which invitations are extended. A bid is an invitation to join a sorority. On a certain designated night (usually in March) sororities indicate the girls they wish to invite to membership. Each girl so designated is asked to indicate her preference. If the two agree, the girl receives an invitation.

E. Silence period is a period of several days (usually three) just preceding the date of preferential bidding. During this time, in order that a rushee may be free to make her decision, there are no contacts between sorority members and prospective pledges.

The **Teachers College Bulletin** is published four times a year, twice as a college catalogue and twice as an educational bulletin.

The **Cue**, our student handbook, is free to every student. It is filled with important information; so read and study it carefully.

The **Daily Bulletin** is issued every weekday by the college. A notice in order to be printed must be signed by a member of the faculty and be turned in to the switchboard operator before 4:00 o'clock on the day prior to the issue of the bulletin. Each bulletin contains valuable information, so make it your responsibility to read it each morning.

Activities Calendar—A calendar of College events, activities, meetings, and social events is kept in the office of the Dean of Women. However, at the beginning of each month, a schedule of events will be placed on the **Bulletin Board**. All students are requested to fill in the **Activities Calendar** at the end of the Handbook from the activities listed on the Bulletin Board notice.

Posters—Because of the many college activities and the restricted space, it is necessary to regulate the size and number of posters for display on the first floor of John Sutton Hall. They should be not more than 14 x 22 inches. For each activity not more than one poster is permitted. All posters are to be placed on easels in front of Recreation Hall and are to be removed immediately after the activity.

ATHLETIC REGULATIONS

In March of 1947, at a joint meeting of the athletic directors of the State Teachers Colleges and the Athletic Committee of the Board of Presidents of the State Teachers Colleges, it was decided to revise the present athletic regulations in these institutions. Following are excerpts from the revised regulations:

Section 1. The president of each college shall be responsible for its athletics. He or his authorized representatives shall accompany any team which represents the college in any athletic contest.

Section 2. No student who has completed the number of credits required for graduation in his curriculum, or has been in attendance for more years than there are in his curriculum, or who is not maintaining a passing grade in at least twelve (12) semester hours of work, shall be eligible to compete in any contest.

Section 3. A student to be eligible must have secured a passing grade in at least twelve (12) semester hours of work during the nine weeks preceding each respective sport. A student who attends summer school and carries the equivalent of one-half a regular semester's work (9 weeks and 8 hours of work or more) shall be considered for eligibility on the same basis as for the preceding nine weeks of attendance if the work is done at the same college. In all cases exclusion from teams shall be for a period equal to the period covered by the report.

Section 4. No student who, while in college is competing under a false name or is receiving money or other valuable consideration, either directly or indirectly, for competing in athletic contests, is eligible to take part in any contest in that sport during that session.

Section 5. No member of a college team shall be permitted to engage in athletic activity on any other team in the same sport during the playing season in which he is participating on a team representing the college.

Section 7. No student transferring from any four-year institution of collegiate rank, except from a regularly accredited junior college, to a State Teachers College shall be eligible for any intercollegiate competition until after a 36 weeks' residence. Where one year intervenes between attendance at an institution of collegiate rank and matriculation in a State Teachers College, a student so enrolled is not to be considered as a transfer and shall be eligible for participation in athletics.

Section 8. The student who trains at a training camp with a college before the football season opens but who does not register at the college is eligible to enter a teachers college and play that season.

Section 10. A teachers college varsity team may compete only with teams representing a four-year degree granting institution either in a practice or scheduled game.

Section 11. These regulations shall apply in all intercollegiate contests.

ATHLETIC AWARD SYSTEM

The Athletic Awards at Indiana include the Varsity "I", emblemed sweaters and gold basketballs, footballs, etc. In order to achieve these awards certain requirements have been established.

For the letter, the Varsity "I", which is awarded in baseball, basketball, football, track, tennis, boxing, and wrestling, one must have participated in at least half of the games and must have the recommendation of the coach.

The sweaters are presented to those players who have won their second "I" with the condition that that letter was won the second time in the same sport.

The service awards, the gold balls, are given to an athlete who is a senior and who has been on the varsity squad, has participated on that squad for three years, and during that time has been faithful in attending practice. Also, he must have earned at least one letter by participating in half or more of the games.

Also, rewards are set up for team managers, cheerleaders, and the Indiana Indian. At the end of the first year of service, each receives numerals, at the end of the second year the Varsity "I", and at the end of the third year, the jacket.

There is a limit, however, to the number of sweater awards that can be received; no person can receive more than one sweater, regardless of the number of sports in which he has participated or the number of letters he has won.

All these awards are a symbol of a job well done.

INTRAMURAL SPORTS

There is an outlet for any desirous individual in the motley varsity and intramural athletic program, which has been redesigned and reorganized to fit the needs of the postwar curriculum.

A student is urged to participate in those of the many activities for which he is best physically fit and which best fit his needs. Although many of the students are physically unable to compete in some of the more strenuous activities, there are still many choices always open in the Intramural Program. Usually a careful study is made of one's physical condition and needs and is supplemented by the advice of a leader in the field, enabling one to be in a position to make a wise choice from the activities offered.

The chief aims of the Intramural sports program as devised at Indiana are as follows:

1. To encourage athletics for present enjoyment and improvement of health.
2. To teach and train students in athletic activities in which they can participate after school life as a profitable use of leisure time.
3. To develop habits of good sportsmanship and fair play.
4. To furnish a knowledge of the rules and skills required and to prepare students to organize and promote Intramural sports in the public schools.

The following sports are included in the Intramural program:

Badminton	Hiking	Tennis
Baseball	Softball	Track

LIFE SAVING — WATER SAFETY

Classes in Senior Life Saving are offered both semesters to provide training for students who desire to qualify for work in summer camps and other projects. These classes are taught by both college and campus instructors. The requirements for participation in these classes are those which are set up in the Red Cross Water Safety Book. A further stipulation is that all participants must satisfactorily complete the American Red Cross Swimmers' Skills.

An Instructor's Course in Water Safety is offered to those who have completed the following:

The final examinations for the Instructor's course are given by Field Representatives of the American Red Cross each spring during the month of April.

Organized during the winter of 1939 and 1940, its enrollment topped the 550 mark in 1947-48. SONGS

Spirit of Indiana

On! On! On! On to victory,

Everyone expects to see you win today.
Fight to win! "Play the game square!"

Always for your Alma Mater do and dare
Now then go! Give them not a show,

You have skill and daring, that we know.
For not only will you score, but will add a few
points more.

Just to show them how we do at Indiana.

Indiana, don't you hear our cheer?

That you'll honor us we have no fear.
See your pennant floating o'er the field!

Unto foemen you will never yield.
You will hear us as we shout and sing,

With your praises will the welkin ring
Other teams will know their fate,

When they meet the "Red and Slate."
It's the way we always do at Indiana.

Victory! Victory! Victory!

With your faces ever towards the foe.
Victory! Victory! Victory!

Pressing forward down the field we go!
Victory! Victory! Victory!

Every man is finding every play,
For 'tis written on your shield,

"Unto foemen never yield."

We will always do our best for Indiana.

Words — Mrs. Hamlin E. Cogswell

Music — Mr. Hamlin E. Cogswell

Fight Song

Fight! Fight! Fight! for Indiana,

Proud her colors wave,
Fight! Fight! Fight! for Indiana
Every squaw and brave (rah! rah! rah!)
Give three cheers for Indiana,

Alma Mater true,
Fight! Fight! Fight for Indiana

Hear our song to you.
Huzzah! Huzzah! the Flág goes by,

The trumpets loud and clear,
Huzzah! Huzzah! the Flag goes by,

The colors we love so dear, So,
Fight! Fight! Fight! for Indiana

Alma Mater true.
Fight! (Rah!) Fight! (Rah!) Fight!

for Indiana,
Hear our song to you.

Words and Music by Harold W. Thomas

Marching Song

Let's give a toast to Indiana
Her teams have brought her fame
We'll boast of Indiana,
She always plays the game.
We'll sing her praises loudly
And wave her banners high so proudly
Here's to Indiana!
There's glory in her name.
