## HISTORY

A bill was introduced and passed by the General Assembly in the legislative session of 1871, in conformity to the Normal School Act of 1857, confirming the establishment of a State Normal School in the ninth Normal School District. The first building was completed and opened for students on May 17, 1875. This building, named John Sutton Hall in honor of the first president of the Board of Trustees, is still in use and in excellent condition. The steady growth of the school has caused a continuous expansion in its building program, which includes a men's dormitory, Walter Murray Whitmyre Hall, which was completed and occupied for the first time in September, 1952.

Many new buildings have followed that edifice of tradition — John Sutton Hall. The size and natural beauty of the college campus offer ample opportunity for recreation in an environment wholly conducive to personal enjoyment. The power plant was built in 1913. This enables the college to furnish its own power, heat, light, and hot and cold water. The College Lodge, located a few miles from Indiana, is surrounded by 100 acres of wooded hillside. This not only offers opportunity for nature study by science and conservation classes but also provides an ideal setting for numerous social activities of the college. A new Leonard Hall, a classroom building, is being constructed.

In April, 1920, entire control and ownership of the school passed to the Commonwealth of

Pennsylvania. In May, 1927, by authority of the General Assembly, the State Normal School became a college with the right to grant degrees. The name was then changed to the State Teachers College at Indiana, Pennsylvania.

All curricula are four years in length and all lead to the degree of Bachelor of Science in Education and the Provisional College Certificate in the field of the student's selection. The college is an approved and fully accredited member of the Middle States Association of Colleges and Secondary Schools and of the American Association of Colleges for Teacher Education, the two acknowledged accrediting agencies for institutions in this region. The fact that this college is a member of these two organizations is of immediate personal importance to the individual student in two ways: first, the student may transfer college credits from one approved institution to another without loss in case he finds it necessary to change colleges; and second, the student who is a graduate of an approved institution is eligible for a better teaching position in any of the secondary schools.

The enrollment at Indiana has increased from 328 students in that first term of 1875 to its present enrollment which exceeds the 1,500 mark.

The history of the State Teachers College at Indiana, Pennsylvania, is the history of the accomplishments and sincere efforts of its founders, its administrators, its faculty, and its students.

ALUMNI ASSOCIATION  
STATE TEACHERS COLLEGE  
INDIANA, PENNSYLVANIA

Since its founding, Indiana has graduated approximately 15,000 students. In the early years Indiana was a Normal School, but in 1927 it became a Teachers College, granting the degree of Bachelor of Science in the various fields of education. Approximately 5,900 degrees have been granted.

Very early in the history of the school an Alumni Association was organized which functioned, in more or less its original form, until 1933. At that time the present Constitution was adopted, which provided for a General Association, as formerly, but also made provision for local units to be formed wherever there were sufficient alumni to make such units possible. At present there are twenty-five active alumni units, twenty-two of which are located in Pennsylvania.

The stated purpose of the Alumni Association is to promote the general interest and welfare of the State Teachers College of Indiana, Pennsylvania; to advance the professional interests of its members; to maintain and promote high educational standards; to foster a closer relationship among its members and with other educational institutions; and to perpetuate and increase the Jane E. Leonard Memorial Loan Fund.

Among the alumni gifts to the college are the Moller Pipe Organ; furniture and furnishings for East Parlor, East Porch, and the guest room; television sets for the men's and women's lounges and

the Student Union; the public address system for the Fisher Auditorium; and the water cooling systems in the Infirmary, Wilson Hall Library, and Waller Gymnasium.

Recently, a Life Membership Plan was adopted. Money from Life Memberships has been used to help finance the two Alumni Bulletins which are published each year.

An alumni office, equipped by the Alumni Association, is maintained in John Sutton Hall.

Homecoming and Alumni Day are important days in the lives of Indiana's Alumni, for on those occasions alumni return to their Alma Mater, renew old friendships, and recall the days when they too were students at Indiana.

### ALMA MATER

To our noble Alma Mater's name  
We, her children, sing a joyful lay,  
And to her a new allegiance pledge,  
That lives beyond a day.

A prayer for her who sheltered us,  
A hope no child her name will stain,  
A cheer thrice giv'n with a hearty voice,  
And now the sweet refrain.

Of Loyalty are symbols twain,  
Her colors, crimson and the gray,  
"Dear Indiana Mother Fair,"  
The burden of our lay.

(Refrain)

Sing, O, sing, Our Alma Mater's praise,  
Hail, O, Hail! her color's gleaming hue!  
Give to her our homage and our love  
And to her name be true.

Words and music by  
Mrs. Hamlin E. Cogswell

## GREETINGS

As we embark upon this 1953-54 academic year may I extend to each of our former students a sincere welcome upon your return and to each freshman and transfer student my warmest greetings as you begin your college life at Indiana.

This brief message is for the most part directed to those of you who are coming to college for the first time. As a freshman student faces college life he will find it is not unlike his school experiences of years past in many ways. There will be classes which he will be expected to attend, studies which he will be expected to prepare for his lessons the following day, textbook assignments which his instructors will expect him to read and reference work which others will want him to carry out in the library. There will be many extra class activities in which he will want to participate — in clubs and organizations, in plays and music groups, in athletic contests and in other recreational pursuits. In many respects the class and extra class activities will be similar to those which he has experienced during the past twelve years of his school career.

But in many other ways the college life which he faces will be a new experience. In college one soon realizes that he has much more freedom than he had as a high school student, a freedom to choose what he will and will not do or when he will or will not do it. But he will soon recognize too that this freedom demands from him more responsibility than he has ever been called upon to accept. This requires the making of sound,

sensible, and reasonable judgments which the freedom he enjoys demands.

You will find at Indiana a college which places primary emphasis upon two significant facets of your college life. High standards of scholarship and excellence in personal and social behavior are considered of most importance. But you will find here, too, many opportunities to have the most enjoyable years of your life. For you will find at Indiana that students both work and play hard, that they have much freedom and that they have learned to accept the responsibilities which that freedom implies.

We trust that you will have a most profitable and exciting experience at our college.

Sincerely yours,  
Willis E. Pratt, President

## VETERANS INFORMATION

(Veterans Counselor, L. H. Schnell)

### GENERAL

The office of the Veterans Counselor is not a Veterans Administration office. It is an office of the College. When enrollment forms are submitted by the Veterans Counselor to Veterans Administration, the veteran is placed on the subsistence payroll and becomes entitled to the educational benefits of the law under which he is enrolled. In addition to entrance forms, many records are maintained to serve as a basis for required reports to Veterans Administration that keep the veteran in good status. In the event a veteran has any problem involving his status under the "G.I." bill, he should see the Veterans Counselor.

The Veterans Counselor is required by VA regulations to report immediately any veteran whose conduct or academic progress is unsatisfactory or borderline or whose absences are excessive. Daily absence records are kept by the faculty and submitted to the Veterans Counselor. Excessive absences lead to reduction in subsistence pay or interruption of training.

Some institutions require veterans to pay all their fees, subject to refund after VA pays the institution. Veterans attending Indiana under Public Laws 16 or 346 are credited with deferred payment of contingent, tuition, and activity fees, as well as for books and supplies if they present a valid en-

entitlement. Amounts rejected for payment by VA are automatically chargeable to the veteran.

Veterans attending under Public Law 550 (Korean) must pay for all fees, textbooks and supplies at the same time non-veteran students are required to pay.

Report personally to Veterans Counselor promptly:

1. ANY change of college program at ANY time after enrollment. VA pays tuition for P. L. 346 and P. L. 16 veterans only on the basis of the authorized college program. Subsistence for a P. L. 550 veteran is determined, in part, on the basis of the veteran's authorized college program. Therefore an accurate program must be on file with the Veterans Counselor at all times.

2. When an absence exceeds three (3) days. (Inform him of probable date of return and reason for absence by wire, phone, or letter. Otherwise automatic interruption and removal from the payroll may result.)

3. Upon return from an absence exceeding three days.

4. Plans to withdraw from college. (In many cases, withdrawal from college, or failure to maintain uninterrupted enrollment during regular semesters, cancels all remaining entitlement.)

5. ANY change of dependency or marital status. (Secure forms required to be filed with VA. Increases in subsistence for marriage or birth of a child are not awarded until VA receives certain proof.)

6. Receipt of first subsistence check. (Secure a

form for keeping an up-to-date record of the VA checks.)

7. Receipt of Form 1907c or Form 1997 (purple) after each enrollment or Form 1958 (notice of expiration).

## SPECIFIC REGULATIONS AND INFORMATION

(Items 1-7 apply only to veterans under Public Laws 346 and 16.)

1. Textbooks for P. L. 16 and 346 veterans are furnished for classes on the veteran's schedule but only if they are textbooks which are required of all other students taking the same class.

2. Textbook authorizations are checked and issued as soon after enrollment as possible and will be turned over to the Manager of the Bookstore. Only books listed by the faculty before the beginning of a semester will be authorized at the time of registration. Authorizations for textbooks, when requests are filed after a semester begins, will be issued as soon as possible but there may be considerable delay. DO NOT WRITE NAME IN BOOKS UNTIL ALL SCHEDULE CHANGES HAVE BEEN MADE.

3. Read the small print on the authorization sheet when drawing books and supplies, before signing, to see what you certify to be true and what you agree to do.

4. Textbooks and special non-expendable supplies must be returned when a course is dropped or when a veteran withdraws from college during a

semester or is refused re-admission.

5. Veterans are responsible for drawing only authorized books. The veteran becomes financially responsible if he accepts textbooks for courses not on his current schedule or if he accepts a textbook issued to him in a previous course.

6. Consumable supplies will be issued in accordance with a maximum cost schedule. Details are posted in the Bookstore.

7. Certain courses require special supplies which are not listed as consumable supplies. These supplies are procured in the Bookstore and based on the veteran's schedule and an authorized catalogue of supplies. Certain non-expendable items are issued only once regardless of the number of classes in which they are required equipment. Lost or broken items are not replaced at VA expense.

8. Veterans must not change curricula without approval of the Veterans Counselor. Consult him early for details.

9. P. L. 346 veterans may be paid 15-day gratis subsistence at the end of a semester or college year. Each must elect to request or reject this gratis pay when he enrolls. If accepted, 15 days are deducted from his entitlement and the amount cannot be returned later even if the veteran needs the time to complete a semester.

10. VA will continue a veteran on the payroll and pay all fees (P. L. 346) for the semester if he has enough entitlement to get beyond the midpoint of the semester in which his entitlement expires. Otherwise VA pays only pro rata and the

veteran is removed from the payroll when his entitlement expires. Consult the Veterans Counselor for suggestions as to the best use of entitlement and possible methods for extending it. The 1907c form (or 1997) received after each enrollment shows the entitlement balance and training period. Always check it for accuracy. (Extension of entitlement for P. L. 550 is also granted in the same manner as above.)

11. NEW VETERANS: Any student who has served a minimum of 90 days in military service since December 7, 1941, will be granted 2 to 5 credits in health courses, depending upon the curriculum he enters and upon other circumstances. Take a photostatic copy of your "Enlisted Data" form to the Dean of Instruction for consideration.

12. A new Certificate of Eligibility must be secured to transfer to another institution. Request information about the procedure early.

13. Korean (P. L. 550) veterans must secure and return clearance sheets at the end of EACH month and sign a V. A. form to remain in good status and to be put on the monthly V. A. payroll.

#### "Cut-off" Date Regulations

Except in certain unusual cases the following regulations apply to all P. L. 346 and 16 veterans. July 25, 1951 (or four years after discharge), was set by VA as the final date for a veteran to begin his training or to begin a new course after previous training under the G. I. Bill. After this cut-off date has been reached ALL veterans must abide

by the following:

1. Veterans must remain in continuous training for both semesters of the regular school year. Interruption cancels all remaining entitlement.

2. Veterans who attend during summers may attend one, two, or three summer sessions. However, they must not interrupt during a summer session or their entitlement is forfeited.

3. No course changes are permitted unless approved by VA and based on VA ADVISEMENT TESTS. Requests for "advisement" must be filed with VA during the last semester of undergraduate work.

4. Continuation of undergraduate courses in education to graduate courses in education is not considered a course change. VA will not approve postgraduate training at Indiana to extend certification or make certification permanent after the cut-off date.

5. May graduates who wish to begin full or part-time graduate training the following September instead of during the summer after graduation, may be permitted to do so by VA. Application for a supplemental entitlement must be made before the end of regular classes in the last undergraduate semester. Training must start by September at the latest.

6. Veterans graduating in January or during a summer must begin full or part-time graduate work at the beginning of the next session or semester as scheduled at the graduate school they plan to attend and must apply for a supplemental certifi-

cate before the close of regular classes in the semester they graduate.

7. The cut-off (delimiting) date for P. L. 550 (Korean) veterans is August 20, 1954, or two years after discharge, whichever is later. Certain minor variations to the foregoing six items apply which may permit authorized interruptions of twelve months after the delimiting date.

All VA regulations are subject to change without notice.

**SELECTIVE SERVICE AND MILITARY INFORMATION**—Every man enrolled at Indiana, including R.O.T.C. cadets, should report by October 10, and February 10, to Mr. Schnell at the office of the Veterans Counselor and file important data relating to his selective service status. It is important for men who have not yet registered to do so, as well as those who have. After filing information with Mr. Schnell, each man should report, promptly, his Selective Service number when first received, first notice of classification or change in classification, orders to take the physical examination, receipt of notice of acceptance, orders for induction or requests from the registrant's Board for Information about college status. Only when accurate information is available can the college give the best possible service in assisting students to continue in college. Information and requests that may lead to deferment are sent to Selective Service boards from his office. An effort is made to obtain up-to-date information about changes in Selective Service regulations. Students

should contact Mr. Schnell with their questions.

Every man is required by law to register with Selective Service within five days after his eighteenth birthday. Students need not return to their homes but may report to the local Indiana Selective Service Board. The Selective Service College Qualifying Test has been given for three years and may be given again. Announcements about the dates of the examination will be carried in the College Bulletin.

Men ordered to report for a physical examination on a day when school is in session should report to the local (Indiana) Selective Service Board in the Indiana Theatre Building and arrange to have the orders for this examination transferred to the jurisdiction of the local Board.

It is the responsibility of every student to inform his Selective Service Board that he is in college and to inform them if he withdraws. Detailed information is obtainable in Mr. Schnell's office.

**STUDENT AID OFFICE (EMPLOYMENT) —** Students who need employment to defray part of their expenses should contact Mr. Schnell, who is Director of Student Aid. Obviously, employment cannot be promised. However, a file of available work is maintained, as well as a file of available students. All employment on the campus, as well as employment in town, is cleared through this office. Those who file applications but who do not receive appointments for employment on the campus must report at the beginning of each semester to

file their schedule of classes in order to keep their applications active.

There are several conditions that apply to appointments for employment on the campus. Appointees should read appointment notices carefully and also comply immediately with the requirements of executing a loyalty oath.

**THE STUDENT'S CENTRAL TREASURY** serves the purpose of a bank for student organizations, making available on the College campus all services, necessary business papers and standardized procedures for the administration of extracurricular finances. The office is under the supervision of John Lingenfelter, Cooperative Treasurer, who is directly responsible to the President.

Services of the Students' Central Treasury include installation of accounting records, uniform continuation between business officers and their successors, systematic methods for handling money and general assistance to organization officials in keeping their financial activities on a sound financial basis.

Organization treasurers are required to write receipts in duplicate for all dues, fees, assessments, etc., which they collect or receive. They give the original copy of the receipt to the person from whom the money is received and retain the duplicate copy.

All disbursements are paid by check, typed in duplicate by the Central Treasurer upon submission of treasury orders by organization treasurers.

The Central Treasury retains the carbon copy of the check, countersigns the original and returns it to the organization's treasurer who then obtains the sponsor's signature.

From handling the vouchers, evidencing receipts and disbursements, organization treasurers gain valuable experience in cash routines as well as in keeping a simplified cash book.

The fiscal and auditing policies for all student and campus groups follow. All money received from any source whatever by any group, student or otherwise, which is not part of the Student Cooperative Association Budget, shall be carried in a Central Treasury account in the Student Cooperative Association. All expenditures must be made through the Central Treasury. Furthermore, all income shall be deposited promptly in the Central Treasury.

Each individual responsible for a Central Treasury account shall submit the organization's books for auditing annually, at the time announced in the college bulletin. After preliminary checking and correction, each organization shall file an audit report (forms may be secured in the Cooperative Association office) which must be approved as correct by the auditor. Failure to follow the foregoing procedure, or failure to abide by the general fiscal policy stated above, shall lead to a "freezing" of all money held in the Central Treasury account of an organization until the deficiency is removed.

**THE STUDENT BANK** — A department of the Cooperative Association known as the Student Bank is operated in the office of the College Bookstore. Students receiving money from home and not wishing to take the risk of carrying it on their persons or leaving it in their rooms may deposit it in the bank and withdraw it as needed by the issuance of checks.

To help defray the expense of insurance, etc., a nominal charge is made for this service. Students are urged by the faculty and administration to use this service as a precaution against loss.

**Bank Hours:**

Monday-Friday ..... 10:45-12:00 noon

Monday-Friday ..... 3:00- 4:15 p.m.

Saturday ..... 10:00-12:00 noon

**ACTIVITY FEE  
(STUDENT COOPERATIVE ASSOCIATION)**

Effective June 1, 1952, the Activity Fee for the regular semester shall be fifteen dollars (\$15); two dollars (\$2) for the three-weeks summer session; four dollars (\$4) for the six-weeks summer session.

**ACTIVITY FEE —  
POLICY REGARDING PAYMENT**

The Activity Fee for each semester shall be paid by each student at the time of registration. If the Treasurer of the Cooperative Association permits a student to delay payment, it shall be with the understanding that all such fees shall be paid by October 15 or February 25 or during the summer

sessions by the tenth (10) day after classes begin in that session. The Treasurer of the Cooperative Association shall send one reminder via college mail, and failure to pay the Activity Fee by the appropriate above date shall automatically lead to immediate suspension from classes and all college activities. The only exception shall be in case arrangements are made in person with the Treasurer for later payment when special conditions in individual cases warrant.

### SCHOLARSHIPS AND LOANS

**STATE SCHOLARSHIPS** — The Department of Public Instruction annually awards scholarships worth \$100 a year for four years on the basis of competitive examinations which are held on the first Friday in May of each year. These scholarships are awarded in each county and senatorial district in the state, and may be used at the State Teachers Colleges. Inquiries concerning State Scholarships may be sent to Dr. James G. Pentz, Chief Pre-Professional Credentials, Department of Public Instruction, Harrisburg, Pennsylvania.

**CORINNE MENK WAHR SCHOLARSHIPS** — Through the generosity of Corinne Menk Wahr, Class of 1916, approximately fifteen scholarships in amounts of one hundred and one hundred fifty dollars are awarded each year to worthy students. Applicants for Wahr Scholarships must be residents of Pennsylvania and must be interested in the teaching profession. Applications may be se-

cured from the Registrar. Policy governing the scholarship fund is established by the Board of Trustees and administered by a committee appointed by the President of the College.

Seven Wahr merit recognition scholarships of fifty dollars each are given to students at the college for excellence in certain fields as follows: the student who excels in athletics; the student who does the most to promote fine arts; the student who contributes the most to campus welfare; the student showing the most initiative in bringing new ideas or action to the ISTC campus; the student evidencing the most professional promise as a teacher; the student with the highest scholarship during the first three years of college; and the student who writes most effectively.

**CLARK SCHOLARSHIPS** — The Lieutenant Alpheus Bell Clark Memorial Scholarship, established by Mr. and Mrs. Steele Clark, Cherry Tree, Indiana County, in memory of their son, offers the sum of fifty dollars each semester to that young man, or woman, a senior in the College, and a resident of Indiana County, who in the opinion of the committee chosen by the President best qualifies for the honor in terms of academic ability, leadership, and service to the College. Preference will be given to a veteran, or to the son or daughter of a veteran.

**MORRIS SCHOLARSHIPS** — The Helen Wood Morris Scholarships were established by Lieutenant-Colonel L. M. Morris, of Altoona, in memory of

his wife, a graduate of the college. The sum of one hundred dollars will be awarded annually to students selected by a committee named by the institution, one award to a sophomore, the other to a junior. Students chosen must be in the highest quarter of their class, must be in need of financial assistance, and must have demonstrated worthiness in terms of character, personality, leadership, and American citizenship.

#### PRESSER FOUNDATION SCHOLARSHIP —

The Presser Foundation of Philadelphia will award a scholarship of \$250 each year to a music student at the Indiana State Teachers College.

#### KAPPA DELTA PI SCHOLARSHIP —

This award of twenty-five dollars each year was established by the Beta Gamma Chapter of this college to honor that member of the sophomore class who is judged to be the ideal college student. The award is made on the basis of character, scholarship, and evidences of leadership.

#### MEN'S VARSITY I LOAN FUND —

For several years the Men's Varsity I Club has maintained a fund to provide assistance to Varsity athletes in the form of loans and scholarships. Varsity athletes may borrow not more than \$150 per year, and not more than a total of \$300 is loaned to any one person. Loans are interest free for the first year and thereafter the interest rate is 2% per annum.

The Varsity I Loan Fund is administered by a committee with the Head of the Health and Physical Education Department as chairman. The coaches of Varsity Athletics, the president of the Varsity I Club, and the Registrar of the College serving as secretary and treasurer, complete the committee.

#### JANE E. LEONARD MEMORIAL LOAN FUND

— The Jane E. Leonard Memorial Loan Fund was established several years ago for the purpose of assisting deserving students to complete their college education. The fund, which totals about \$26,000, has been built up through the efforts of the Alumni Association of the College and the faculty. The general control of the fund is in the hands of a committee of five or more faculty members appointed by the President of the College, including an Alumni Representative.

Loans are not made to freshmen, except short term loans to meet emergencies. In general no more than \$100 is loaned to sophomores during one semester and the maximum sum loaned to any one person is limited to \$400. Loans to students carry interest at the rate of 2% from the date of the loan to the due date. If loans are not paid when they become due, the interest rate is increased to 5% per annum thereafter until paid.

**THE BOOKSTORE** carries all the textbooks used in the various classes. The management of the Bookstore on a cooperative student basis is directed through the Student Cooperative Association. Classroom accessories are available at nominal prices. Gym clothing, regulation tank suits and college jewelry may also be obtained. The Bookstore is open from 8 a.m. to 5 p.m. daily except Saturday, when it closes at noon.

**THE COLLEGE POST OFFICE** is located on the ground floor of John Sutton Hall in the rear of the Bookstore. This is a branch of the City Post Office and is open each weekday. Students may mail and receive packages through the College Post Office.

**THE TELEPHONE OFFICE** is located on the first floor of John Sutton Hall. Students receive all mail except parcel-post packages from this office. Addresses of the faculty members as well as the names and room numbers of the students may be obtained there. Telegrams and telephone messages are received at this office and delivered immediately. Telephone pay stations are available in John Sutton Hall, the Men's Lounge, Whitmyre Hall and Clark Hall.

**LOST AND FOUND** — Students should report the loss of property immediately to the custodian of the building. Articles found should be handed to the Dean of Women, the Dean of Men or turned in at the switchboard.

**THE DEN** — A smoking room for girls on the ground floor of John Sutton Hall is open daily until 10 p.m. This room is maintained and managed by the students who use it. The second floor Smoker is open until 12 p.m.

**MEN CALLING FOR WOMEN STUDENTS** are requested to wait in the Reception Lounge in order to keep entrance halls clear.

A **COAT ROOM** adjoins the Blue Room. Students are requested to hang wraps there in order to keep rooms in orderly condition.

**LOUNGES** are open for student use daily until 10 p.m., except Friday and Saturday when they are open until 12 p.m. Commuters' Lounge and East Parlor are not used for dating. At all times students are expected to exercise good taste in conduct.

**COMMUTERS' LOUNGE** — For the use of non-resident women there are study, rest and lunch rooms in John Sutton Hall.

**COLLEGE CONVOCATIONS** are held weekly in the Auditorium on Tuesday at 10:00 a.m. At this time the College presents the best available speakers, artists and musicians. Students are requested to attend these assemblies. If they absent themselves excessively they may be required to earn additional hours for graduation. The Daily Bulletin and the Indiana Penn carry announcements about all convocations.

**PLACEMENT SERVICE** — The services of the Placement Bureau are available to all students who are certified to teach. The directors of the various departments take an active interest in the placement of their graduates. Coordination of effort is secured through a central committee. Although teaching positions are not guaranteed by the college, Indiana's record of placement is one of the very best in Pennsylvania. A placement service for students desiring positions as camp counselors is also centered in this bureau.

The Placement Bureau, with offices in the Keith School, is under the supervision of Mr. John E. Davis.

**THE KEITH SCHOOL** — The Keith School, located on campus, is housed in a modern building which includes a primary, an elementary and a junior high school department. In all departments teaching facilities are provided for Art, Music and Home-Making under special supervisors of those subjects. In the junior high provisions are made for Business Education, Latin, French and Spanish. Each division is a laboratory wherein the best methods of teaching and management are demonstrated. Students begin their work with observation and participation in simple teaching duties. This is followed by more and more difficult and complex problems, until, finally in supervised teaching, an opportunity is provided for applying what has been learned under expert supervision. The school has a fine gymnasium, an excellent library and a well-equipped shop.

**THE LIBRARY** — The main desk on the first floor of Wilson Hall Library is the center of library activities. The Periodical Room, the Reference Room, the Curriculum Room and the Reading Lounge make up the remainder of the first floor of the library.

All books are on open shelves accessible to the students. Books in Room 7 in the basement are also accessible to the students.

With the exception of a few books which are reserved for special purposes, all books circulate for two weeks. Unbound periodicals circulate for one day. Bound periodicals do not circulate.

Members of the library staff are glad to help students any time.

**THE COLLEGE INFIRMARY** is located at 406 South 11th Street, across the street from the rear of the auditorium. General operational policies are as follows:

Infirmary hours are for the care of conditions which do not come under the heading of emergencies. Emergencies are cared for at any time. These include fractures, sprains, faints, cuts, indigestion and dysmenorrhea.

Reporting to the infirmary before a class is missed is necessary if an excuse is desired. House students as well as dormitory students should re-

port to the infirmary when ill so as to receive medical attention as soon as possible. Students should not go to classes with heavy colds. They are likely to extend their own illnesses and endanger others.

The nurses should not be called to the student's room unless the seriousness of the illness makes a call to the infirmary inadvisable.

Students who are ill enough to require a bed in the infirmary need quiet and rest for recovery. If the patient's condition permits, he may have visitors from 4 to 5 p.m. Not more than two visitors per patient should be permitted at one time.

After the girls' dormitories close for the night, women students will call the Dean of Women or Head Resident in case of illness rather than the infirmary directly.

Any student, boarder or commuter, may consult with the college physician. The physician and nurses are responsible for the physical condition of the student body. Students are asked to call at the infirmary before visiting a doctor or dentist in town so that a complete health record may be kept. Advice is given and an appointment is made for the student.

There is no charge for the services at the infirmary. The ordinary medications are provided. The students must, however, pay for special medications and prescriptions.

There is no charge for house and dormitory students' care at the infirmary until after the third consecutive day. Then a charge of \$1.00 per day

is made. Off-campus students are charged at the rate of \$2.00 per day from the beginning; roomers are charged after the third day.

If students become ill at home during a vacation or a week-end, they should not return until they are ready to go to classes. Illnesses are aggravated by travel. If a physician has been in attendance, the student should bring to the infirmary a statement of the diagnosis. The college wants to be assured that the student has had nothing contagious.

ment, House Mother's apartment and the Student Union.

**STUDENT UNION** is operated on the ground floor of the south wing of Whitmyre Hall by the treasurer of the Cooperative Association under a special Union Fund and provides a spot for student relaxation. Card games, dancing, and television are available and refreshments may be purchased at the snack bar. The Student Union will be open daily at the following hours:

Sunday ..... 4:00-10:00 p.m.  
Monday through Thursday, 8:30 a.m.-10:00 p.m.  
Friday and Saturday ..... 8:30 a.m.-11:30 p.m.

**MAIL**—Day students get their mail at the switchboard, where mail boxes are provided for them. They are requested to call for their mail regularly. Men students will receive their mail at Whitmyre Hall.

**CARS**—Resident women are not permitted to keep cars on campus unless special permission is given by the Dean of Women.

**SMOKING REGULATIONS**—Men students may smoke on the campus, in the Men's Lounge Room, or in Whitmyre Hall.

Smoking is not permitted in campus buildings, halls or lavatories.

Women students may smoke only in the smoking rooms provided in each women's dormitory or in the Student Union.

**RADIO BROADCASTING** continues as an established activity of the college. The programs originate at Station WDAD.

These programs provide entertainment for families and schools in the area covered by the local station and furnish practical laboratory experience for the students taking part. The broadcasts are usually the results of the courses in radio, which embrace microphone techniques, radio acting and all phases of production; however, all departments of the college are invited to participate.

**THE PSYCHO-EDUCATIONAL BUREAU** is located on the ground floor of the Library, Wilson Hall. Counseling and testing are available for any college student who feels that he needs help with an academic or personal problem. Students need only report to the Bureau and ask for an appointment with any member of the staff. All conferences are entirely confidential. It is the desire of the staff of the Psycho-Educational Bureau that its facilities be used at any time by any individual who feels that he needs help in his efforts toward personal adjustment and happiness.

**THE READING CLINIC** is located on the second floor of Shawanese House. The services of the clinic are available to all students who need help in improving reading and spelling skills and in increasing their vocabularies. Students may also obtain help in improving study habits. The clinic is open every afternoon from 1:00 to 5:00.

**THE SPEECH CLINIC**, located in Shawanese House, was established to help students improve their speech. Those who fail to pass the entrance speech examination are required to attend the Speech Clinic until their particular difficulties are remedied. Therapy is provided to help such students overcome their difficulties.

In addition, the Clinic is open to any student who desires speech improvement. Clinic hours are posted at the beginning of each semester and all students are welcome to avail themselves of the service.

**FRESHMAN WEEK** — The first three days of the first semester have been set aside as "Freshman Week." During these days new students will complete their registration, secure their programs, and take their health examinations and a battery of tests. Other activities will include get-acquainted party, convocation, community sing, hall group get-together, a meeting with the advisers and a meeting with the social deans.

**FRESHMAN CUSTOMS** — Freshman Customs, observed one week before the Homecoming football game, are sponsored by the Student Council working through the Sophomore Class. Faculty advisers are Miss Martha C. Faust and Mr. W. M. Whitmyre. At a Freshman Class meeting, soon after the beginning of the semester, the program of customs is discussed.

**TESTING PROGRAM FOR FRESHMEN AND OTHER NEW STUDENTS** — All new students except those transferring two years' credit are required to take a series of tests during the first week of college. Students who transfer less than two years' credit may request their test record to be submitted for evaluation. The program includes a psychological examination; personality inventory; tests in English, including reading; and contemporary affairs. These tests are for measuring a student's background in these fields and for classification and guidance. The results of the tests are made known to the student through his adviser.

**ORIENTATION PROGRAM** — During the first semester a series of eleven or twelve orientation meetings are held with freshmen and transfer students. Discussions of social needs, customs, campus activities, and academic procedure assist in the understanding of life on the college campus. Attendance at these meetings is required of all new students.

**ADVISORY SYSTEM** — Each student has frequent contact with a faculty adviser who assists him with his program and advises him on curricular, scholastic and personal problems. One hour each week is set aside for group advisory meetings and conferences. Each upperclass student has an adviser in the field of his major interest.

**TRANSFER OF CREDITS** — Credit will be given students transferring from other accredited colleges insofar as these credits will fit into the curriculum chosen by the student in this college. No credit can be approved for any course in which the grade received was the lowest passing grade in the school in which the work was taken.

### GRADING SYSTEM FOR THE STUDENT:

Explanation of grades:

- "A" indicates an excellent grade of work.
- "B" indicates a good grade of work.
- "C" indicates a fairly satisfactory grade of work.
- "D" indicates a low grade of passing work.
- "F" indicates a failure and no credit shall be given for the course so marked until it has been repeated in the regular way.
- "I" is given to students who, because of absence or other entirely satisfactory reason, have been unable to complete the required work, but who have been doing in general a satisfactory type of work. This mark must be removed within two months of regular school time or it becomes a failure. Upon completing the required work, the student may receive any mark to which the teacher feels he is entitled.
- "W" indicates that a student has withdrawn from a course.

**QUALITY POINTS**—A system of quality points has been established as follows:

1. There are required for graduation a number of quality points equal to the number of semester hours of credit required in the course being pursued.

2. An "A" mark gives three (3) quality points for each semester hour of credit so marked; a "B" mark gives two (2) quality points for each semester hour of credit so marked; a "C" mark gives one (1) quality point for each semester hour of credit so marked; and a "D" mark gives no (0) quality points.

**PURPOSE OF QUALITY POINTS** — In general a "C" average, that is, one quality point for each semester hour of credit is the minimum requirement for eligibility for:

- A. An office in a student organization.
- B. Participation in activities representing the college in public.
- C. Membership in a sorority or a fraternity.
- D. Junior Standing.
- E. Student Teaching.

**ABSENCE AND TARDINESS** — The college has no cut system of absenteeism. In case of absence or tardiness the student will fill out a blank and present it to the teacher for admission to the class.

The teacher will pass judgment on the merits of the excuse and handle the matter accordingly.

The blanks will be available at any department office.

This plan puts the responsibility first upon the student, second upon the teacher, and third upon

the Dean of Instruction, who may in turn furnish the adviser and the Dean of Men or the Dean of Women with whatever information is necessary for a follow-up.

Whenever a teacher feels that any student has been absent or tardy to an extent that might endanger scholastic standing, the teacher will report the fact promptly to the office of the Dean of Instruction.

**CRITERIA GOVERNING CONTINUANCE IN COLLEGE**—It is expected that a student attending college for his first semester earn a minimum of eight hours and eight quality points to continue.

It is expected that a student shall earn twelve hours and twelve quality points each semester to continue in good standing.

A student earning from eight to eleven semester hours and/or from eight to eleven quality points may continue on probation for one semester.

Each person shall be considered individually if his record is poor with a view to allowing exceptions because of personal illness, family conditions, or good test record.

**JUNIOR STANDING**—Formal admission to Junior Standing is a requisite for continuing the program in teacher education. After two years at Indiana an evaluation of the progress of each student is desirable. Various phases of life contributing to teaching success are noted: habits of social living, initiative, assumption of responsibility, pro-

fessional attitudes, etc. The main purpose of Junior Standing is to assure certain students that success in the teaching profession is evident; this marks the time when the professional work is intensified. Fourth semester students will make application for admission to Junior Standing for which they are required to meet the following qualifications:

1. The scholastic record must be a "C" average or better for the first two years' work.
2. A "C" average must be attained in Communication courses or a satisfactory score made on the Sophomore English Test. Students transferring English Credits must pass the Sophomore English Tests.
3. Adequate background as measured by the Sophomore Tests (December or March) in English, General Culture and Contemporary Affairs must be shown. Students who rank low will be required to take an additional three-hour course and repeat the Sophomore Tests.
4. A personality that is satisfactory for a teacher must be in evidence. Reports of six or seven members of the faculty form the basis for evaluating this factor.
5. Evidence of physical stamina and freedom from physical defects that may interfere with the duties of a teacher must be presented.
6. The voice must be pleasing and free from objectionable qualities.
7. A well-balanced record of extracurricular activities must have been developed.
8. The student shall meet the specific require-

ments of his curriculum as prescribed for the first two years. An occasional deficit of six hours in required courses will be permitted.

Students who fail to meet the above requirements will usually be given one semester plus summer school sessions to make them up. Students who fail to clear their deficiencies by the time of their second application will be denied further professional training leading to certification until the deficiency is made up.

If the student is not suited to the profession, then the college assists him in making an adjustment to a new objective.

Credentials will be examined by the Committee on Professional Standards and decisions will be reached on the basis of all evidence available.

**ACTIVITIES CALENDAR** — A calendar of college activities and social events is kept in the office of the Dean of Women. At the beginning of each month, a schedule of events is posted on the Bulletin Board. Students are requested to fill in the Activities Calendar in the back of the Cue for their own convenience.

**THE DAILY BULLETIN** is issued every day by the administration. To have a notice printed it must be deposited at the switchboard before 4 p.m. on the day previous to publication. Notices may not appear more than two consecutive days and must be clear, concise and of concern to a large portion of the student body. Every student should make it a habit to read the bulletin each day.

**POSTERS** — Because of the many activities on campus, and the small amount of available poster space, it is necessary to regulate the number and size of advertising posters in John Sutton Hall. For each event only one poster is permitted and it should not be larger than 9 x 12 inches. All posters should be approved at the switchboard before being placed on the bulletin board at north entrance to John Sutton Hall. Posters should be removed immediately following the activity. No posters should be placed on trees.

**THE TEACHERS COLLEGE BULLETIN** is published four times a year, twice as a college catalogue and twice as an educational bulletin.

**FIRE DRILL REGULATIONS** — A fire drill, required by state regulations, is observed one day each month by all college personnel. Fire drill regulations are posted in each hall of the college buildings. Students are expected to act promptly according to directions. Students should become acquainted with the proper exit from any location in the buildings on the campus.

A student should be appointed in each class to open and wedge the door when the alarm rings.

Teachers should be the last out of the room and should be sure that all windows and doors are closed upon leaving. Lights should be left on.

Students should leave the building as rapidly as possible and keep moving until they are at least fifty feet from the exit.

Teachers are urged to leave the building and to

assist by keeping all exits cleared and by asking students to keep moving until they are fifty feet from the building.

Teachers in rooms where there are fire escapes are responsible for having the doors leading to the fire escapes open and blocked open immediately when the alarm sounds. The teachers in charge of the Chemistry Laboratory are responsible for the doors to the fire escape adjacent to the Laboratory.

It is an important duty of the Fire Chief in each building to see that all external fire escapes and other exits are not made impassable by snow, ice, debris, etc., and are in good working order.

THE COLLEGE LODGE plays an important part in the instructional and recreational life of Indiana. Owned by students and faculty, this 100 acres of wooded hillside, with its rustic lodge and three shelter houses, not only offers opportunities for classes to study nature and conservation but also is in demand for picnics, meetings and winter sports.

Organizations are invited to use these facilities.

All arrangements for the use of the Lodge must be made through the office of the Dean of Women.

Groups eligible to use the Lodge:

1. Any student group (social, educational, etc.) with a faculty adviser.
2. Alumni — any organized group or unit.
3. Faculty — as an organized group, as a group with faculty predominating and as a faculty group.

4. Students with their families may be permitted to use the outside shelters on occasion, if arrangements have been made and a permit has been granted.
5. Other organizations approved by the Secretary-Treasurer.

#### Conditions for Use of the Lodge:

1. Permit card must be presented to the caretaker whenever shelters or lodge buildings are used.
2. Reservations must be made in advance with the office of the Dean of Women so that the caretaker may be notified of any necessary preparation.
3. Permit card must be obtained in the office of the Dean of Women.
4. Caretaker is held responsible for enforcing regulations for the use of the lodge property, and those using the property are responsible to him for its use.
5. Anyone on the property at any time must be ready to identify himself at the request of the Caretaker ("I" card).
6. In order to discourage outsiders, a chain will be placed across the road during the night unless there is a reservation for the evening.

#### Board of Directors:

President of the College  
Dean of Women  
Director of the Keith School  
President of the Senior Class  
President of the Junior Class

### WOMEN'S FRATERNITIES

A fraternity may be described as a group of women banded together for the purpose of fostering lifelong friendships and giving cooperative service to one another, to the college campus, and to the world at large.

Fraternities were founded for the purpose of uniting young women in bonds of friendship. This aim they have admirably achieved throughout many years.

Fraternities, likewise, hold high ideals in education. They emphasize scholarship; they cooperate with college administrations; they uphold college traditions; and they support the alma mater.

Finally, fraternities provide the advantages of the strength which unity makes possible. They broaden the experience of members through contacts with persons all over the country — persons who willingly lend a helping hand in a strange community or in getting a job.

On this campus there are at present eleven national fraternities and one local fraternity.

### Membership

Those girls may be pledged to a fraternity who have matriculated as regular students without conditions or probation. Any second semester freshman may be bid. Other students must have a "C" average in order to be eligible for pledging.

Fraternities bid girls on the basis of character, scholarship, and personality.

### Panhellenic Association

The Panhellenic Association at this college is composed of all the members of the twelve women's fraternities on campus.

### Panhellenic Council

The Panhellenic Council is composed of two representatives from each chapter.

The purposes of the Panhellenic Council are to promote a spirit of friendship and cooperation among the fraternities of the college; to encourage chapters to support all campus activities that promote the welfare of the fraternities and of the college; and to regulate matters of common welfare to the fraternities.

### PANHELLENIC CREED

We, the fraternity undergraduate members, stand for good scholarship, for guarding good health, for wholehearted cooperation with our college's

ideals for student living, for the maintenance of fine social standards, and for the serving, to the best of our ability, of our college community. Good college citizenship as a preparation for good citizenship in the larger world of alumnae days is the ideal that shall guide our chapter activities.

Prerequisites to choir membership for music majors are: (1) two semesters of class voice and, (2) active membership for at least two semesters in the Women's or Men's Glee Club. All sophomore music majors are required to take choir or mixed chorus. It is elective for junior and senior music majors and an extracurricular activity for students from other departments. The choir goes on tours

of neighboring cities and gives a concert in Pittsburgh each year. It also contributes to the cultural and religious life of the community through local concerts and radio broadcasts.

Conductor ..... Jerome Landsman

**THE COLLEGE SYMPHONY ORCHESTRA** extends an invitation for membership to all college students who have had orchestral experience. Those selected must be able to read music well enough to learn madrigals, motets, chorales and the more difficult arrangements of folk songs. Members are not necessarily from the Music Department, but may be qualified singers from any department.

The Madrigal Singers give programs for local clubs, high school assemblies, the radio and various college functions.

Conductor ..... Agnes Marie Boehne

**MARCHING BAND** — This organization serves the college and the community by appearing in distinctive uniform at all local football games and community parades. Members of the band study marching tactics and field maneuvers. Three rehearsals are held each week.

Director ..... C. David McNaughton

**MIXED CHORUS** — The purpose of this group is to serve as a laboratory wherein a large number of pieces of the mixed voice repertoire are sung with students conducting much of the time. Choral methods are discussed and illustrated. This affords music majors an opportunity for this important experience, and it affords non-music majors an opportunity to sing in a mixed group. The Mixed Chorus sometimes joins the College Choir in presenting oratorios and other large works.

Conductor ..... Wynn York

**MUSIC EDUCATORS CLUB** — All students of the Music Education Department are automatically members. Each class within the club and the music fraternities sponsor student-recital teas periodically. Student representatives, elected by each class in the Music Department, comprise what is known as the Music Council. They plan social events for the department.

**THE STRING ORCHESTRA** is composed of the members of the string section of the Symphony Orchestra. It provides a means for concentrated string experience to college students. A new feature has just been added to the Y's program in the form of a program center, an independent group of Y members working and studying together on a specific problem. Written reports of findings, outlines and visitations by other YW's extend the program center to all interested outlying organizations. Staff visitations by members of the Student Christian Movement help bring the ideas of other colleges to our campus. The organization also sponsors outside speakers, panel discussions, the showing of religious films, and a Bible Study Group. The YW plays an important role in the social life of the college with such activities as evening snacks, the Big-Little Sister party, and the fall outing. An annual membership dinner in October is followed by an impressive candlelight service. Attendance at Camp Michaux, national assemblies, and various meetings held in Pittsburgh provides opportunity for participation in state, national, and international

student groups. The organization tries to help students become adjusted to campus life and prepares them spiritually and socially. Membership is open to all women upon payment of one dollar yearly dues.

## ATHLETIC REGULATIONS

In March, 1947, a joint meeting of the athletic directors of the State Teachers Colleges and the Athletic Committee of the Board of Presidents of the State Teachers Colleges decided to revise the present athletic regulations in these institutions. Following are excerpts from the revised regulations:

Section 1. The president of each college shall be responsible for its athletics. He or his authorized representative shall accompany any team which represents the college in any athletic contest.

Section 2. No student who has completed the number of credits required for graduation in his curriculum, or has been in attendance for more years than there are in his curriculum, or who is not maintaining a passing grade in at least twelve (12) semester hours of work, shall be eligible to compete in any contest.

Section 3. A student to be eligible must have secured a passing grade in at least twelve (12) semester hours of work during the nine weeks preceding each respective sport. A student who attends summer school and carries the equivalent of one-half a regular semester's work (9 weeks and 8 hours of work or more) shall be considered for eligibility on the same basis as for the preceding nine weeks of attendance if the work is done at the same college. In all cases exclusion from teams shall be for a period equal to the period covered by the report.

Section 4. No student who, while in college is competing under a false name or is receiving money

or other valuable consideration, either directly or indirectly, for competing in athletic contests, is eligible to take part in any contest in that sport during that session.

Section 5. No member of a college team shall be permitted to engage in athletic activity or on any other team in the same sport during the playing season in which he is participating on a team representing the college.

Section 6. No student transferring from any four-year institution of collegiate rank, except from a regularly credited junior college, to a State Teachers College shall be eligible for any inter-collegiate competition until after a 36 weeks' residence.

Section 7. The student who trains at a training camp with a college before the football season opens but who does not register at the college is eligible to enter a teachers college and play that season.

Section 8. A teachers college varsity team may compete only with teams representing a four-year, degree-granting institution either in a practice or scheduled game.

Section 9. These regulations shall apply in all intercollegiate contests.

### ATHLETIC AWARD SYSTEM

The Athletic Awards at Indiana include the Varsity "I," emblomed sweaters, and gold service awards. In order to achieve these awards certain requirements have been established.

For the letter, the Varsity "I," each sport has

set up its own requirements, peculiar to its own sport. The award is based on participation, scoring of points, attendance, and recommendation of the coach.

The sweaters are presented to those players who have won their second "I" with the condition that the letter was won the second time in the same sport.

The gold service awards are given to the athletes who are seniors, who have completed their last year of eligibility, and who have earned sweaters in the same sport.

The system is set up so that a player actually receives one letter and one sweater. A gold award can be received in each of the Varsity sports by seniors earning three letters in the same sport. Certificates are issued to each player for each award earned.

Also, rewards are set up for team managers, cheerleaders, and the Indiana Indian. At the end of the first year of service, each receives numerals, at the end of the second year the Varsity "J," and at the end of the third year the jacket.

### INTRAMURAL SPORTS

There is an outlet for any desirous individual in the varied varsity and intramural athletic program, which has been redesigned and reorganized to fit the needs of the present day curriculum.

The student is urged to participate in those activities for which he is physically fit and which best fit his needs. Although many of the students are physically unable to compete in some of the more strenuous activities, there are still many choices always open in the Intramural Program. Usually a careful study is made of one's physical condition and needs and is supplemented by the advice of a leader in the field, enabling one to be in a position to make a wise choice from the activities offered.

The chief aims of the Intramural sports program as devised at Indiana are as follows:

1. To encourage athletics for present enjoyment and improvement of health.
2. To teach and train students in athletic activities in which they can participate after school life as a profitable use of leisure time.
3. To develop habits of good sportsmanship and fair play.
4. To furnish a knowledge of the rules and skills required to prepare students to organize and promote intramural sports in the public schools.

- C. Honorary membership may be granted to any individual by a two-thirds vote of the active membership of the club.
- D. Alumni members — graduates who have won a Varsity "I" in any major or minor sport — shall have full rights and privileges except that of voting. The right to vote is reserved for active members only.

The Varsity "I" has built up a substantial fund to be used primarily as a loan fund for those who have won their "I's" and for incoming members of Varsity teams. From this fund, any member of the Varsity "I" in good standing is permitted to borrow up to not more than \$150 a year nor more than \$300 in all.

These classes are taught by both college and campus instructors. The requirements for participation in these classes are set up in the Red Cross Water Safety Book. A further stipulation is that all participants must satisfactorily complete the American Red Cross Swimmers' Skills.

### FIGHT SONG

Fight! Fight! Fight! for Indiana,  
Proud her colors wave,  
Fight! Fight! Fight! for Indiana,  
Every squaw and brave (rah! rah! rah!)  
Give three cheers for Indiana,  
Alma Mater true,  
Fight! Fight! Fight! for Indiana,  
Hear our song to you,  
Hurrah! Hurrah! the Flag goes by,  
The trumpets loud and clear,  
Hurrah! Hurrah! the Flag goes by,  
The colors we love so dear, So,  
Fight! Fight! Fight! for Indiana,  
Alma Mater true,

Fight! (rah!) Fight! (rah!) Fight! for Indiana,  
Hear our song to you.

— Words and music by Harold W. Thomas

### SPIRIT OF INDIANA

On! On! On! On to victory.

Everyone expects to see you win today.

Fight to win! "Play the game Square!"

Always for your Alma Mater do and dare.

Now then go! Give them not a show.

You have skill and daring, that we know,

For not only will you score, but will add a few  
points more.

Just to show them how we do at Indiana.

Indiana, don't you hear our cheer?

That you'll honor us we have no fear.

See your pennant floating o'er the field!

Unto foemen you will never yield.

You will hear us as we shout and sing.

With our praises will the welkin ring.

Other teams will know their fate,

When they meet the "Red and Slate."

It's the way we always do at Indiana.

(Chorus)

Victory! Victory! Victory!

With your faces ever towards the foe.

Victory! Victory! Victory!

Pressing forward down the field we go!

Victory! Victory! Victory!

Every man is finding every play.

For 'tis written on your shield,  
"Unto foemen never yield."

We will always do our best for Indiana.

Words — Mrs. H. E. Cogswell

Music — Mr. M. E. Cogswell

### MARCHING SONG

Let's give a toast to Indiana.

Her teams have brought her fame.

There's glory in her name.
